# Letter to Unitholders

Since implementing our strategic plan in early 2013, InnVest has generated over \$188 million of gross sale proceeds, exceeding our original divestiture objectives. While renovation activity is contributing to short-term operating disruptions across the portfolio, targeted investments in our core portfolio are expected to positively contribute to InnVest's long-term operating performance as demonstrated by preliminary results from investments completed in the prior year.

## Second Quarter Operating Highlights

- Revenue per available room ("RevPAR") on a same-hotel basis improved 2.2% through a combination of rate and occupancy gains. Excluding hotels under renovation during the quarter or recovering from renovations recently undertaken, same-hotel RevPAR growth would have approximated 4%;
- Same-hotel revenues improved 2.3%. Overall revenues declined \$15.0 million reflecting the sale of non-core hotels;
- Asset sales contributed to a decline in overall gross operating profit ("GOP") of \$4.4 million to \$38.8 million. Excluding asset sales and hotels under renovations, GOP would have improved approximately 3%;
- The portfolio of 31 Comfort Inns renovated in 2013 grew room revenue by 11.7% and Hotel GOP by 31.2%;
- Generated net income of \$4.8 million compared to \$20.5 million in the prior period, due to non-cash variances as compared to the prior period;
- Funds from operations ("FFO") and adjusted funds from operations ("AFFO") decreased \$4.3 million and \$3.7 million, respectively reflecting the lower GOP achieved; and
- Sold nine non-core assets (including three leaseholds) for aggregate gross proceeds of \$60.9 million.

## Second Quarter Strategic Highlights

- Management announced its intention to internalize InnVest's execution and asset management function and completed amendments to its hotel management agreement with Westmont;
- During the quarter, InnVest entered into subordinated loan agreements with KingSett for \$50.0 million, with an option for an additional \$50.0 million. Proceeds were used to redeem InnVest's \$70.0 million Series C convertible debentures; and

- Subsequent to the end of the quarter, InnVest completed an offer to purchase for cancellation \$28.8 million of its Series G convertible debentures, and amended certain terms for its remaining Series G convertible debentures including increasing the conversion price from \$5.80 to \$7.50.

We implemented a number of exciting initiatives during the quarter including initiating the process to fully internalize InnVest's corporate and asset management functions, reducing our reliance on dilutive securities and executing several portfolio repositioning transactions. These efforts demonstrate our progress towards growing unitholder value and positioning InnVest as the leading growth platform in Canada's hospitality industry.

Through the end of 2014, we expect to continue our portfolio repositioning strategy of divesting of low-yielding assets and reinvesting proceeds generated to undertake an extensive capital program to enhance its product offering at a number of hotels. While impacting near-term operating results caused by displacement, these targeted investments are expected to improve the portfolio's competitive positioning and operating performance through increased occupancies and average daily rates over the longer term.

InnVest's strategy to reduce debt (including reducing InnVest's reliance on dilutive convertible securities), reposition its portfolio and invest in core assets is expected to enhance the stability and growth of the portfolio's long-term cash flows and valuation.

# Management's Discussion and Analysis

## INTRODUCTION

InnVest Real Estate Investment Trust ("InnVest" or the "REIT") is an unincorporated open-ended real estate investment trust which owns a portfolio of hotels across Canada. The unaudited condensed interim consolidated financial statements ("Interim Financial Statements") and financial data included in this management's discussion and analysis ("MD&A") reflect the consolidated financial results of InnVest. This MD&A is dated August 7, 2014.

The following MD&A is intended to assist readers in understanding InnVest, its history, business environment, strategies, performance and risk factors and includes a discussion of the results of operations and financial condition of InnVest for the three and six months ended June 30, 2014, with a comparison to the results of operations and financial condition for the three and six months ended June 30, 2013. The MD&A should be read in conjunction with the Interim Financial Statements of InnVest and the notes thereto as at June 30, 2014 and December 31, 2013 and for the three and six months ended June 30, 2014 and 2013.

## FORWARD-LOOKING STATEMENTS

In the interest of providing InnVest unitholders and potential investors with information regarding InnVest, certain statements contained in this MD&A constitute forward-looking statements within the meaning of applicable securities laws. These statements include, but are not limited to, statements made concerning InnVest's objectives, its strategies to achieve those objectives, as well as other statements with respect to management's beliefs, plans, estimates and intentions, and similar statements concerning anticipated future events, results, circumstances and performance or expectations that are not historical facts. Forward-looking information typically contains statements with words such as "outlook", "objective", "may", "could", "continue", "anticipate", "believe", "expect", "estimate", "plan", "intend", "forecast", "project" or similar expressions suggesting future outcomes or events. Such forward-looking statements reflect management's current beliefs and are based on information currently available to management.

These forward-looking statements are not guarantees of future events or performance and, by their nature, are based on InnVest's estimates and assumptions, which are subject to risks and uncertainties, including those described under "Risks and uncertainties" in this MD&A. Readers are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur. By its nature, InnVest's forward-looking information involves numerous assumptions, inherent risks and uncertainties, which may cause InnVest's actual performance and financial results in future periods to differ materially from any estimates or projections of future performance or results expressed or implied by such forward-looking statements. Factors that could

Monetary data in tabular form and in the text, unless otherwise indicated, are in thousands of Canadian dollars, except for per unit, average daily rate ("ADR"), and revenue per available room ("RevPAR") amounts.

Certain measures in this MD&A do not have any standardized meaning as prescribed by International Financial Reporting Standards ("IFRS") and therefore are considered non-IFRS measures. Please refer to *Non-IFRS Financial Measures and Additional IFRS Financial Measures* on page 19 for a discussion of those measures used by InnVest, including a reconciliation to IFRS financial measures.

Additional information relating to InnVest, including its Annual Information Form, can be accessed on the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval ("SEDAR") located at [www.sedar.com](http://www.sedar.com) and on its website at [www.innvestreit.com](http://www.innvestreit.com).

cause actual results, performance, or achievements to differ materially from those expressed or implied by forward-looking statements include, but are not limited to, the status of InnVest as a real estate investment trust for Canadian federal income tax purposes in any year; changes in business strategies (including InnVest's ability to divest of assets, its intent to internalize asset management and return expectations on capital investments completed); ability to refinance debt maturities; lender concentration; general global economic and business conditions; medical concerns relating to travel and/or specific destinations; general global credit market conditions; the effects of competition and pricing pressures; industry overcapacity; shifts in market demands; changes in laws and regulations, including environmental and regulatory laws; potential increases in maintenance and operating costs; uncertainties of litigation; labour disputes; timing of completion of capital or maintenance projects; currency and interest rate fluctuations; various events which could disrupt operations; and technological changes.

Although InnVest believes that the expectations represented by such forward-looking statements are reasonable, there can be no assurance that such expectations will be consistent with these forward-looking statements. The forward-looking statements contained in this MD&A are made as of the date of this MD&A. Except as required by law, InnVest does not undertake any obligation to publicly update or revise any forward-looking statements whether as a result of new information, future events or otherwise. All forward-looking statements contained in this MD&A are expressly qualified by this cautionary statement.

## BUSINESS OVERVIEW

InnVest holds one of Canada's largest hotel portfolios together with a 50% interest in Choice Hotels Canada Inc., one of the largest franchisors of hotels in Canada. InnVest's portfolio is well diversified across hotel accommodation categories, brands, geography and customers.

### Hotel Real Estate Owner

As at June 30, 2014, InnVest's portfolio comprised 115 hotel properties (14,206 rooms) operated under internationally recognized franchise brands. Almost 60% of InnVest's portfolio is made up of limited- and focused-service hotels, based on number of rooms. Full-service hotels, however, generate higher revenues per room given higher ADRs charged and greater ancillary services sold. As a result, full-service hotels in the portfolio accounted for approximately 62% of same-hotel revenues generated during the six months ended June 30, 2014 (2013 – 61%). Approximately 78% of hotel revenues (2013 – 78%) were generated from room revenues with the remainder being generated from food and beverage sales and other services including meeting space rental, parking, retail operations and telephone use.

InnVest's hotels are operated by four hotel management companies which earn base and incentive fees related to the revenues and profitability of each hotel. Westmont Hospitality Canada Limited ("Westmont"), a division of one of the largest privately held managers of hotels in the world, manages the majority of InnVest's hotels (105 hotels). InnVest also partners with other third-party managers including Delta Hotels (5 hotels), Fairmont Hotels (3 hotels) and Hilton Hotels (2 hotels), each an experienced hotel manager with recognized brands.

The hotels' primary operating costs include wages, food costs, utilities, management fees and sales and marketing expenses. Other property level expenses include property taxes, ground rent for leasehold interests and property insurance. Many of these other property level expenses are relatively fixed and do not change in accordance with revenue levels.

InnVest's hotels are typically located near major thoroughfares in urban and suburban areas, business centres, government and manufacturing facilities, universities, airports and tourist attractions. The hotels have a diverse customer base, including business travellers, leisure travellers, tours, associations and corporate groups.

### Office, Retail and Retirement Home Business

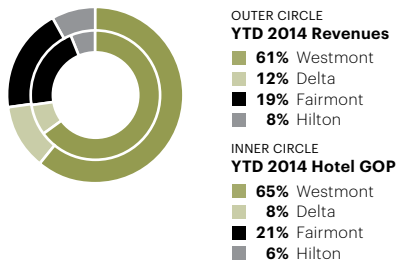

At June 30, 2014, InnVest owns one retail complex as well as one retirement home. These real estate interests are adjacent to an owned hotel and were acquired as part of the hotel's acquisition. During the six months ended June 30, 2014, this business segment contributed \$369 in revenues (2013 – \$1,400). In May 2013, InnVest sold one office and retail complex in Sherbrooke, Quebec. Historically, the sold asset contributed over 60% of this business segment's annual revenues and the vast majority of its gross operating profit.

### Franchise Business

InnVest owns 50% of Choice Hotels Canada Inc. ("CHC"), which has franchise agreements with over 300 locations in Canada. The remaining 50% interest is owned by Choice Hotels International Inc. ("Choice International"), one of the largest hotel franchise companies in the world. In addition to strong international brand recognition, Choice International has a centralized reservation system, sales and marketing programs and proprietary property management systems.

In 1993, CHC was granted a 99-year licence to franchise all Choice hotel brands in Canada, including Comfort Inn, Quality Suites and Quality Hotels. CHC earns franchise revenue by charging hotel owners a monthly royalty fee based on a percentage of the revenue generated by the licenced properties and by selling franchises.

(1) Based on portfolio as at June 30, 2014

## BUSINESS STRATEGY

In early 2013, InnVest announced a comprehensive two-year strategic plan based on four key initiatives. This 2013 strategic plan is being reviewed and updated following the reconstitution of InnVest's Board of Trustees (the "Board") resulting from an agreement with a unitholder proposal (the "Settlement").

In conjunction with this review, in April 2014, the Board appointed an interim Managing Director and commenced a search for a permanent full-time chief executive officer to be employed by InnVest. During the second quarter of 2014, the chief financial officer role became fully dedicated to the affairs of the REIT.

The following summary outlines progress achieved against InnVest's 2013 strategic plan.

Strategic Initiative	Objective	Progress Update
Portfolio repositioning program	<p>Improve the overall quality and diversification of the portfolio by divesting of low-yielding non-core hotels and selectively growing the portfolio in stable markets with long-term growth potential.</p> <p>Planned sale of 24 non-core assets through the end of 2014 generating gross proceeds of \$185 million and net proceeds after debt repayment and selling costs of about \$60 million.</p>	<p>Under the direction of the Board, a review of the entire property portfolio is underway to help determine the optimal future strategy for InnVest.</p> <p>Additional hotels have been considered for sale based on management's ongoing assessment of its portfolio return expectations. Nine additional sale candidates have been identified as sale candidates.</p> <p>InnVest has exceeded its original divestiture objectives, having generated over \$188 million of gross sales proceeds (over \$85 million of proceeds net of sellings costs and debt repayments) since initiating its portfolio repositioning program in early 2013. These include the sale of 13 non-core assets in 2014 for gross proceeds of \$75.2 million (net proceeds of \$57.0 million). Eight hotels were sold in 2013.</p> <p>Management expects remaining gross proceeds of over \$80 million (approximately \$45 million net). Of the remaining 12 hotels slated for disposition, five satisfy the criteria to be classified as held for sale at the end of the second quarter.</p>
Capital investment program	<p>Execute a two-year (2013-2014) capital program to invest approximately \$130 million in the core hotel portfolio; approximately \$80 million above the estimated reserve over this two-year period. This incremental funding is expected through non-core asset sales and incremental debt proceeds.</p> <p>Core hotels are characterized as hotels with investment metrics that are accretive to InnVest's cost of capital, located in stable or growing markets, achieve their fair market share or above and show favourable potential growth prospects through capital investment or repositioning.</p> <p>The capital program is aimed at renovating and repositioning approximately 60 Comfort Inn hotels, targeting profit-improving projects to reposition select hotels as well as fortifying hotel competitive positions in key markets.</p> <p>Additional investments that meet internal return on investment expectations may be considered. The ultimate extent and timing of these planned capital investments will be dependent on business levels and capital availability.</p>	<p>Over \$60 million was invested in 2013 with approximately \$70 million planned for 2014, \$40.4 million of which was invested in the first half of 2014.</p> <p>Investments completed in 2014 include guestroom upgrades at the Delta Prince Edward and Fairmont Palliser, as well as the continuation of phased renovations at the Sheraton Suites Eau Claire. Significant investments currently underway include guestroom upgrades at the Delta Winnipeg and the repositioning of one unbranded hotel to a Holiday Inn.</p> <p>Through the end of the second quarter, 46 Comfort Inn hotels (31 in 2013 and 15 in 2014) have been renovated as part of InnVest's brand revitalization program representing over 75% of InnVest's core Comfort Inn portfolio. The remaining renovations are planned in the fall, following the busier summer travel season.</p> <p>Improved operations resulting from renovations, particularly those geared towards repositioning an asset, will typically take time before targeted returns are achieved. Furthermore, some of the benefits of InnVest's 2013 renovation activity is being offset by ongoing renovation activity underway during the current year. On balance, InnVest's capital program is contributing to improved profitability for the portfolio. The 31 Comfort Inns renovated throughout 2013 experienced over 11% growth in revenues during the second quarter and over 30% improvement in gross operating profit from hotels ("Hotel GOP") as compared to the comparative period in the prior year.</p>

Strategic Initiative	Objective	Progress Update
Strengthen the balance sheet	<p>Maintain a strong balance sheet with appropriate leverage and staggered debt maturities in order to minimize InnVest's cost of capital and provide adequate financial flexibility to withstand market cycles.</p> <p>Target leverage (debt to gross asset value) reduction below 60% and reduced reliance on dilutive securities. This is expected to be accomplished through asset sales, regular principal amortization repayments and potential capital market transactions.</p> <p>Following its capital investment program, InnVest anticipates to be building cash reserves, positioning it to further reduce indebtedness or to deploy its capital in select investments to grow the portfolio.</p>	<p>Following changes to InnVest's Board in March 2014, a Capital Structure Task Force subcommittee was established to review InnVest's capital structure and alternatives to better optimize cost of capital, diversity of funding sources and liquidity so as to best enable the future execution of InnVest's business strategy in a manner that creates significant value for unitholders. As a result, InnVest's strategic plan, including future leverage targets are currently under review.</p> <p>In March 2014, KingSett Capital ("KingSett") was introduced as a strategic capital partner of InnVest, providing the REIT with incremental capital sources to support debt and growth initiatives. In April 2014, InnVest completed a \$50 million subordinated credit facility with KingSett and InnVest has access to an additional \$50 million facility (refer to <i>Related Party Transactions</i>).</p> <p>Building on its commitment to limit its use of convertible securities, InnVest completed the early redemption of its \$70 million Series C Debentures in June 2014 and successfully completed a tender offer for \$28.8 million Series G Debentures subsequent to the end of the second quarter.</p> <p>Following financing initiatives completed year-to-date, InnVest does not have any significant debt maturities until July 2015.</p> <p>At June 30, 2014, pro forma a financing transaction completed following the end of the quarter, InnVest's debt to gross asset value was 66.0% (refer to <i>Liquidity and Capital Resources</i>).</p>
Improve operations	<p>Leverage a renovated product to shift business to higher rated segments and capture greater market share amidst positive industry trends.</p> <p>Continually strive to improve InnVest's operating efficiency by taking advantage of its size and implementing industry best practices to maximize cash flows margins.</p>	<p>Progress achieved in executing InnVest's strategic plan has contributed to improve operating margins by 30 bps during the first half of 2014.</p> <p>In March 2014, InnVest announced its intention to internalize asset management by the end of the year. In addition, InnVest completed amendments to its hotel management agreement with Westmont to provide the REIT with greater flexibility and incentive compensation (see <i>Related Party Transactions</i>).</p> <p>Coupled with the active asset management of the portfolio, these changes are expected to contribute to enhanced business oversight and alignment of interests with key stakeholders and help position the REIT to improve operations.</p>

## OUTLOOK

The hospitality industry is highly correlated to the economy and as such, uncertain global and domestic economic conditions continue to impact the Canadian lodging industry. InnVest's broad, diversified portfolio remains a key advantage in the current environment. Fundamentals for the Canadian lodging industry remain favourable, with improving demand expectations through the balance of the year and a low supply outlook.

Through the end of 2014, InnVest expects to continue its portfolio repositioning strategy of divesting of low-yielding assets and reinvesting proceeds generated to undertake an extensive capital program to enhance its product offering at a number of

hotels. While impacting near-term operating results caused by displacement, these targeted investments are expected to improve the portfolio's competitive positioning and operating performance through increased occupancies and average daily rates over the longer term.

InnVest is committed to enhancing unitholder alignment and growing unitholder value. InnVest's strategy to reduce debt (including reducing InnVest's reliance on dilutive convertible securities), reposition its portfolio and invest in core assets is expected to enhance the stability and growth of the portfolio's long-term cash flows and valuation.

## SECOND QUARTER HIGHLIGHTS

- Revenue per available room ("RevPAR") on a same-hotel basis improved 2.2% through a combination of rate and occupancy gains. Excluding hotels under renovation during the quarter or recovering from renovations recently undertaken, same-hotel RevPAR growth would have approximated 4%;
- Same-hotel revenues improved 2.3%. Overall revenues declined \$15.0 million reflecting the sale of non-core hotels;
- Asset sales contributed to a decline in overall gross operating profit ("GOP") of \$4.4 million to \$38.8 million. Excluding asset sales and hotels under renovations, GOP would have improved approximately 3%;
- The portfolio of 31 Comfort Inns renovated in 2013 grew room revenue by 11.7% and Hotel GOP by 31.2%;
- Generated net income of \$4.8 million compared to \$20.5 million in the prior period, due to non-cash variances as compared to the prior period;
- Funds from operations ("FFO") and adjusted funds from operations ("AFFO") decreased \$4.3 million and \$3.7 million, respectively reflecting the lower GOP achieved;
- Sold nine non-core assets for aggregate gross proceeds of \$60.9 million. In aggregate, management has completed transactions exceeding its gross and net proceed divestiture objectives through 2014;
- Management announced its intention to internalize InnVest's execution and asset management function and completed amendments to its hotel management agreement with Westmont;
- During the quarter, InnVest entered into subordinated loan agreements with KingSett for \$50.0 million, with access to an additional \$50.0 million. Proceeds were used to redeem InnVest's \$70.0 million Series C convertible debentures; and
- Subsequent to the end of the quarter, InnVest completed an offer to purchase and cancelled \$28.8 million of its Series G convertible debentures, and amended certain terms for its remaining Series G convertible debentures.

## FINANCIAL HIGHLIGHTS

	Three months ended June 30,			Six months ended June 30,		
	2014	2013	Variance	2014	2013	Variance

(2) Adjusted funds from operations per unit is calculated on a basis consistent with that used to calculate net income per unit.

The following discussion summarizes InnVest's performance for the three and six months ended June 30, 2014 as compared to 2013.

## Revenues

	Three months ended June 30,			Six months ended June 30,		
	2014	2013	Variance	2014	2013	Variance
Hotel	\$ 146,058	\$ 160,681	9.1%	\$ 260,293	\$ 283,698	(8.2%)
Other real estate properties	173	595	(70.9%)	369	1,400	(73.6%)
Revenues	\$ 146,231	\$ 161,276	(9.3%)	\$ 260,662	\$ 285,098	(8.6%)

Asset sales completed since 2013 contributed to a decline in hotel revenues during the three and six months ended June 30, 2014. Generating over 99% of total revenues, InnVest's principal business is the ownership of hotel real estate (see detailed discussion below). Revenues from other real estate properties declined owing to the sale of one office and retail complex in late May 2013.

## Hotel revenues

	Three months ended June 30,			Six months ended June 30,		
	2014	2013	Variance	2014	2013	Variance
Room	\$ 113,416	\$ 125,079	(9.3%)	\$ 202,398	\$ 220,949	(8.4%)
Non-room	32,642	35,602	(8.3%)	57,895	62,749	(7.7%)
Hotel revenues	\$ 146,058	\$ 160,681	(9.1%)	\$ 260,293	\$ 283,698	(8.3%)

Hotel revenues consist primarily of revenue generated from room occupancy. Non-room revenues include food and beverage services and other miscellaneous revenue streams associated with hotel operations such as meeting space rentals, parking, retail operations and telephone use.

Same-hotel growth in revenues was offset by reduced revenues following hotel property divestitures during the three and six months ended June 30, 2014. Hotel revenues during the second quarter and year-to-date periods decreased \$14.6 million and \$23.4 million, respectively. Hotel property divestitures (including one early lease surrender) contributed \$17.6 million and

\$27.9 million of year-over-year declines, respectively. Since the beginning of 2013, 21 assets (3,192 rooms) have been divested (eight in 2013 and thirteen in 2014).

Same-hotel hotel revenues achieved were impacted by disruption caused by renovations at select hotels during the periods or recovering from renovations recently undertaken. As a result, same-hotel RevPAR growth during the three and six months ended June 30, 2014 was limited to 2.2% and 1.5%. Excluding hotels impacted by renovations during the quarter, same-hotel RevPAR growth in the second quarter would have approximated 4%.

	Three months ended June 30, 2014		Variance to 2013	Six months ended June 30, 2014		Variance to 2013
	Occupancy	ADR		RevPAR	RevPAR	
Ontario	68.1%	\$ 110.37	2.4 pts	62.6%	\$ 68.09	1.9 pts
Quebec	65.0%	\$ 117.79	(1.5 pts)	59.6%	\$ 68.34	(1.3 pts)
Atlantic	61.6%	\$ 119.15	1.8 pts	53.1%	\$ 60.39	1.3 pts
Western	66.5%	\$ 168.89	(1.3 pts)	61.2%	\$ 100.65	(2.4 pts)
Total	66.2%	\$ 124.16	0.8 pts	60.3%	\$ 73.12	0.3 pts
Ontario	68.1%	\$ 110.37	-	62.6%	\$ 68.09	1.9 pts
Quebec	65.0%	\$ 117.79	1.5%	59.6%	\$ 68.34	(1.3 pts)
Atlantic	61.6%	\$ 119.15	1.8%	53.1%	\$ 60.39	1.3 pts
Western	66.5%	\$ 168.89	2.8%	61.2%	\$ 100.65	(2.4 pts)
Total	66.2%	\$ 124.16	0.9%	60.3%	\$ 73.12	0.9%
Ontario	68.1%	\$ 110.37	3.7%	62.6%	\$ 68.09	2.8%
Quebec	65.0%	\$ 117.79	(0.7%)	59.6%	\$ 68.34	-
Atlantic	61.6%	\$ 119.15	4.8%	53.1%	\$ 60.39	4.3%
Western	66.5%	\$ 168.89	0.8%	61.2%	\$ 100.65	(0.7%)
Total	66.2%	\$ 124.16	2.2%	60.3%	\$ 73.12	1.5%

Note: Gross hotel revenues on a same-hotel basis (115 hotels), excluding hotels which were sold.

## Room Revenues

Room revenues during the three months ended June 30, 2014 declined \$11.7 million or 9.3%. Reduced revenues following asset sales (\$13.4 million) offset 1.7% growth across InnVest's same-hotel portfolio, notwithstanding renovations underway.

Room revenues during the six months ended June 30, 2014 declined \$18.6 million or 8.4% owing to \$20.6 million of reduced contribution from asset divestitures.

Room revenues for the three and six months ended June 30, 2014 are net of \$2.3 million and \$4.2 million (2013 - \$2.2 million and \$4.3 million) of costs associated with third-party loyalty programs.

Total Current Portfolio analysis for the three and six months ended June 30, 2014

- Experienced growth across the Ontario region driven by strength in southwestern Ontario and the Greater Toronto Area which offset displacement from renovation activity at a number of Comfort Inn hotels during the quarter.
- The Quebec region saw modest declines with strength in Quebec City offset by shortfalls in resource-based northern Quebec markets as well as markets impacted by renovation activity.
- Room revenue in the Atlantic region improved reflecting the lift from renovations completed in the prior year, notwithstanding renovations underway at the Delta Prince Edward and a number of Comfort Inns.
- Renovation activity at two full-service hotels in Calgary (Fairmont Palliser and the Sheraton Calgary Suites Eau Claire) and at the Delta Winnipeg, contributed to second quarter revenue declines in the western region. Renovations in Calgary were completed during the second quarter with renovations in Winnipeg scheduled to be completed in the fall of 2014. Year-over-year declines were also experienced in Regina owing to one-time activity in the prior year (Canadian Junos). These hotels offset room revenue growth of almost 8% across the remainder of the region during the quarter, benefitting from renovations completed in the prior year.

63 of our 103 hotel Core Portfolio have been, or are expected to be, renovated through the end of 2014/early 2015. The following table summarizes operating results across our Core Portfolio and serves to highlight the displacement experienced while work is underway as well as the growth achieved-to-date following the completion of renovations.

Given the extensive renovation and repositioning of the Comfort Inn assets, these hotels are experiencing a transition period following the completion of renovations as our property managers and sales teams reposition the hotels within their competitive sets and shift the business mix to higher rated segments. Based on experience to-date, the typical period for these hotels to fully ramp up from the renovation can be upwards of a year, depending on the market.

Full-service hotels under extensive renovations during the quarter included two hotels in Calgary (the Fairmont Palliser and the Sheraton Calgary Eau Claire), the Delta Winnipeg, Delta Prince Edward Island and the London Hotel & Suites. Renovations underway in Calgary offset year-over-year growth achieved following floods experienced in the prior year period. Overall displacement experienced across these hotels was also somewhat offset by growth achieved post renovations, notably in the Delta Prince Edward Island resulting from strong group business booked in anticipation of a renovated product.

(1) Based on the period in which substantial completion of renovations were completed.

### Non-Room Revenues

The sale of food and beverage represents approximately 80% of the non-room revenue earned over the periods presented. Non-room revenues decreased \$3.0 million (8.3%) and \$4.9 million (7.7%) during the three and six months ended June 30, 2014 owing to the divestiture of hotels over the past year. Same-hotel revenues improved \$1.3 million (4.4%) and \$2.4 million (4.8%) over the periods led by group activity in full-service hotels.

### Hotel and other real estate properties expense

	Three months ended June 30,			Six months ended June 30,		
	2014	2013	Variance	2014	2013	Variance
Hotel	\$ 107,094	\$ 117,602	(8.9%)	\$ 207,722	\$ 227,559	(8.7%)
Other real estate properties	292	403	(27.5%)	601	1,005	(40.2%)
Hotel and other real estate properties	\$ 107,386	\$ 118,005	(9.0%)	\$ 208,323	\$ 228,564	(8.9%)

InnVest continually focuses on managing all costs to maximize overall profitability without impacting the service levels offered to its guests. Management's focus is on limiting incremental costs associated with improved occupancy and/or adjusting costs in periods of declining occupancy in order to enable margin expansion. Many property level expenses, including property taxes, rent and insurance are relatively fixed and do not change in accordance with overall demand levels.

Hotel expenses decreased \$10.5 million (8.9%) and \$19.8 million (8.7%) over the three and six months ended June 30, 2014, reflecting the elimination of costs associated with assets sold of \$13.8 million and \$26.3 million, respectively. Same-hotel expenses increased approximately 3.5% and 3.6% over the three and six months ended June 30, 2014.

Consistent with changes in revenues, other real estate properties saw reduced operating expenses reflecting the sale of one office and retail complex during the second quarter of 2013.

### Gross operating profit

	Three months ended June 30,			Six months ended June 30,		
	2014	2013	Variance	2014	2013	Variance
Hotel	\$ 38,964	\$ 43,078	(9.6%)	\$ 52,571	\$ 56,139	(6.4%)
Other real estate properties	(119)	193	nm	(232)	395	nm
Gross operating profit	\$ 38,845	\$ 43,271	(10.2%)	\$ 52,339	\$ 56,534	(7.4%)

"nm" - not meaningful

Gross operating profit ("GOP") during the three months and six months ended June 30, 2014 declined \$4.4 million and \$4.2 million, respectively, largely reflecting asset divestitures over the periods.

### HOTEL GOP

The hotel industry has a high level of fixed costs with incremental revenue gains requiring marginal increases in costs. As a result, revenue growth achieved beyond inflation can contribute to substantial operating leverage for the portfolio. Notably, while occupancy growth contributes to improved profitability, more profit is achieved through increases in ADR. Conversely, in periods of marginal (below inflation) or declining revenues, decreases to expenses are limited, resulting in reduced profitability.

Assets sold contributed to reduce Hotel GOP by \$3.8 million and \$1.6 million for the second quarter and year-to-date periods, notwithstanding lower revenues of \$17.6 million and \$27.9 million, respectively. GOP margins were relatively unchanged at 26.6%.

Same-hotel GOP margins declined to 27.8% from 28.7% during the second quarter owing to renovation displacement at a number of hotels. Limited cost savings are achieved during renovation periods given the high fixed-cost nature of expenses. Through the first half of the year, same-hotel Hotel GOP margins declined to 21.3% from 22.6%. The portfolio of 31 Comfort Inns renovated in 2013 grew room revenue by 11.7% and Hotel GOP by 31.2%;

Other expenses	\$ 34,027	\$ 22,806	49.2%	\$ 82,392	\$ 78,017	5.6%

"nm" – not meaningful

Other expenses during the three and six months ended June 30, 2014 increased \$11.2 million and \$4.4 million, respectively.

Higher corporate and administrative costs reflect the addition of an interim Managing Director and a dedicated chief financial officer during the quarter as well as costs incurred to initiate the search for a permanent chief executive officer for the REIT. As part of the Settlement reached in March 2014 (refer to "Business Strategy"), InnVest incurred \$3.6 million in non-recurring costs during the first quarter, including the reimbursement of customary transaction costs incurred by the parties involved.

Mortgage interest expense declined modestly reflecting the net repayment of mortgage debt from asset sales which was somewhat offset by additional borrowing completed during the quarter. Convertible debenture interest savings reflect the early redemption of InnVest's Series C debentures in early June. InnVest purchased for cancellation an additional \$28.8 million of convertible debentures on July 31, 2014 (refer to *Liquidity and Capital Resources*).

Joint venture income reflects InnVest's 50% interest in the net profits of CHC. For the three and six months ended June 30, 2014, InnVest's joint venture income generated \$1.2 million and \$2.1 million, respectively (2013 – \$1.1 million and \$1.9 million).

Second quarter results include \$3.0 million of net gains on asset sales shown in 'Other income, net' above, as well as a \$1.9 million reversal of prior impairments relating to three properties and a \$2.0 million non-cash impairment charge relating to one non-core property shown in 'Writedown of hotel properties (reversal of previous impairments), net' above. Year-to-date, InnVest has generated \$4.0 million in net gain on sales, \$2.5 million for the reversal of prior impairments and a \$2.0 million non-cash impairment charge. The prior period included a non-cash impairment charge of \$3.4 million relating to six hotels.

InnVest accounts for various unit-based instruments as financial liabilities. These instruments are remeasured at their fair value at each reporting period resulting in non-cash gains or losses based on the volatility of InnVest's unit price over the periods presented and their impact on convertible debenture holders' conversion option feature. For the three and six months ended June 30, 2014, InnVest recognized a fair value gain of \$50 and \$8.1 million, respectively (2013 – loss of \$12.4 million and gain of \$4.8 million).

## CHANGES IN FINANCIAL CONDITION

### Operating Activities

For the six months ended June 30, 2014, cash generated by operating activities improved \$7.2 million to \$21.6 million owing to increased working capital which offset reduced profitability. The working capital improvement largely reflects the receipt of a \$6.4 million lease receivable during the second quarter of 2014. Working capital also benefited from asset sales completed during the periods (lower prepaid property taxes, insurance and a \$3.5 million sale deposit outstanding).

### Financing Activities

In January 2014, management completed the refinancing of the Sheraton Eau Claire, Calgary (\$68.0 million), new subordinated term loan financing (\$50.0 million) and amounts drawn on a bridge loan facility (\$28.7 million). Proceeds from these financings were used to fund the early redemption of InnVest's \$70.0 million Series C 5.85% convertible debentures in June 2014, as well as to repay mortgage maturities and repayments following asset sales completed.

### Income Taxes

For the three and six months ended June 30, 2014, InnVest generated a deferred income tax recovery of \$nil as compared to a deferred income tax recovery of \$nil and \$0.3 million in the prior period.

### Net Income (Loss)

For the three months ended June 30, 2014, InnVest realized net income of \$4.8 million (\$0.051 per unit diluted) compared to \$20.5 million in the prior period (\$0.189 per unit diluted). For the six months ended June 30, 2014, InnVest realized a net loss of \$30.1 million (\$0.319 per unit diluted) compared to a net loss of \$21.2 million in the prior period (\$0.226 per unit diluted). The year-over-year variances largely reflect changes in non-cash items as highlighted by InnVest's FFO reconciliation on page 20.

### Funds from Operations (FFO)

For the three months ended June 30, 2014, InnVest generated FFO of \$20.8 million (\$0.190 per unit diluted) compared to \$25.1 million in the prior period (\$0.223 per unit diluted). The \$4.3 million reduction primarily reflects lower Hotel GOP generated following asset sales. For the six months ended June 30, 2014, InnVest generated FFO of \$16.2 million (\$0.171 per unit diluted) compared to \$19.9 million in the prior period (\$0.211 per unit diluted).

Refer to *Non-IFRS Financial Measures and Additional IFRS Financial Measures* on page 20 for a reconciliation of net income (loss) to FFO.

### Adjusted Funds from Operations (AFFO)

For the three months ended June 30, 2014, InnVest generated AFFO of \$16.5 million (\$0.151 per unit diluted) compared to \$20.2 million in the prior period (\$0.180 per unit diluted). The \$3.7 million reduction reflects the lower FFO generated offset by decreased FF&E Reserve following asset sales. For the six months ended June 30, 2014, InnVest generated AFFO of \$8.8 million (\$0.093 per unit diluted) compared to \$11.5 million in the prior period (\$0.123 per unit diluted). Refer to *Non-IFRS Financial Measures and Additional IFRS Financial Measures* on page 20 for a reconciliation of FFO to AFFO. Distributions declared for the six months ended June 30, 2014 totalled \$18.8 million, or \$0.1998 per unit (2013 – \$18.7 million or \$0.1998 per unit).

Cash distributions during the first half of 2014 totalled \$17.7 million as compared to \$18.5 million in the prior period. The reduction reflects the higher distribution re-investment program participation in 2014.

New units issued during the current period reflect payments with units for upfront fees and partial interest payments for the KingSett loans (Refer to *Related Party Transactions*).

Financing activities in the prior period reflected net proceeds of \$110.0 million from the Series G 5.75% convertible debentures issued in February 2013 (gross proceeds of \$115.0 million). Proceeds were used to fund the early redemption of \$75.0 million of Series B – 6.0% convertible debentures on April 1, 2013 and to repay the amount drawn on the line of credit.

### Investing Activities

Each year, InnVest allocates between 4% and 5% of total hotel revenues at each hotel to replace furniture, fixtures and equipment and to fund capital improvements (the "FF&E Reserve"). Capital expenditures during the six months ended June 30, 2014 totalled \$40.4 million (2013 – \$18.5 million) compared to the allocated FF&E Reserve of \$10.9 million (2013 – \$11.9 million).

In February 2013, InnVest announced a strategic plan which included significant capital investments in its core hotel portfolio through the end of 2014 (refer to *Business Strategy*). Capital investments undertaken during the first half of 2014 reflect the continuing rollout of InnVest's Comfort Inn revitalization program (guestrooms, bathrooms, corridors, lobby and breakfast room). Other significant projects underway during the year-to-date period included guestroom upgrades at the Delta Prince Edward (all 211 guestrooms were completed in early May 2014), Fairmont Palliser in Calgary (approximately 130 guestrooms were completed in June 2014), the continuation of phased renovations at the Sheraton Suites Calgary Eau Claire (over 150 guestrooms were completed in

April 2014) as well as the start of the last phase of guestroom renovations at the Delta Winnipeg (over 200 guestrooms to be completed in the fall of 2014) and the conversion of one unbranded hotel in London to a Holiday Inn (expected completion in the fall of 2014). The decrease in restricted cash reflects its use to fund certain of these capital investments during the period.

Investing activities reflect the year-to-date distributions of \$1.9 million received from InnVest's investment in CHC (2013 - \$1.7 million).

Investing activities also include gross proceeds of \$75.2 million (\$71.9 million net of costs) from the sale of 13 properties during the first half of the year.

## QUARTERLY RESULTS

### Seasonality

InnVest's operations are seasonal and as such its results are not consistent throughout the year. Revenue earned from hotel operations fluctuates throughout the year, with the third quarter being the highest (on a same-hotel basis) due to the increased level of leisure travel in the summer months and the first quarter being the lowest because leisure travel tends to be lower. The results from operations vary materially from quarter to quarter given the seasonal nature of the revenue stream and the fact that certain costs such as property taxes, insurance, interest, and depreciation and amortization are fixed or virtually fixed.

## ASSET PROFILE

InnVest's total asset carrying value was \$1,227.4 million at June 30, 2014, down \$53.1 million, as compared to \$1,280.5 million at December 31, 2013.

	Jun 30, 2014	Dec 31, 2013
<b>Current assets</b>		
Cash	\$ 44,076	\$ 20,261
Accounts receivable	26,013	28,788
Prepaid expenses and other assets	11,619	8,915
Finance lease receivable	-	6,413
Assets held for sale	23,881	58,658
	105,589	123,035
<b>Non-current assets</b>		
Restricted cash	2,569	6,760
Investment in joint venture	1,417	1,202
Hotel properties	1,104,583	1,135,503
Other real estate properties	1,949	1,964
Intangible assets	11,247	12,077
Total assets	\$ 1,227,354	\$ 1,280,541

Hotel properties (inclusive of those held for sale) comprise over 90% of InnVest's total assets. In accordance with its strategic plan, InnVest completed the sale of 13 hotels in the first half of 2014 for aggregate gross proceeds of \$75.2 million. These transactions contributed to a reduction in assets held for sale of \$65.4 million as compared to December 31, 2013. At June 30, 2014, five hotels were classified as held for sale (572 rooms).

## LIQUIDITY AND CAPITAL RESOURCES

InnVest has several sources of liquidity including the following:

### CASH GENERATED FROM HOTEL OPERATIONS

InnVest's operations are seasonal with the third quarter being the highest earnings period and the first quarter typically being the weakest earnings period given the different levels of business and leisure travel during these quarters. Over the annual period, InnVest anticipates generating GOP sufficient to fund distributions to unitholders, the annual FF&E Reserve and debt service requirements.

### LINE OF CREDIT

At June 31, 2014, InnVest has a revolving operating line of credit with a Canadian chartered bank for a maximum of \$40.0 million. The line of credit is used to finance temporary shortfalls in cash resulting from business seasonality and working capital fluctuations. The credit facility may also be used to provide short-term financing in the event of the acquisition of a new hotel. At June 30, 2014, no amount was drawn on the line of credit (December 31, 2013 – \$nil). During the second quarter, management finalized a \$40.0 million bridge line to provide additional short-term liquidity pending the sale of assets and/or permanent financing. At June 30, 2014, \$28.7 million was drawn on this bridge line.

### ISSUING ADDITIONAL DEBT

InnVest also has the ability to raise funds by mortgaging its properties or by issuing either unsecured debt or unsecured convertible debt securities. InnVest typically uses long-term debt financing to refinance existing debt or to finance an acquisition. The ability to secure debt financing on reasonable terms is ultimately dependent on market conditions and the lender's determination of InnVest's creditworthiness. At June 30, 2014, substantially all of InnVest's hotel assets have been pledged as security under debt agreements.

### ISSUING ADDITIONAL EQUITY SECURITIES

InnVest's listing on the Toronto Stock Exchange gives it the ability to access, subject to market conditions, additional equity through the issuance of additional units or equity-linked instruments.

At June 30, 2014, InnVest has total current liquidity of \$159.6 million and potential liquidity of \$162.2 million. Subsequent to the end of the quarter, InnVest used cash on hand for the purchase for cancellation of \$28.8 million of its Series G convertible debentures following a tender offer. Refer to *Unit Information – Series G Tender and Amendments*.

Changes in prepaid expenses and other assets is consistent with the seasonal nature of these assets owing to the timing of annual insurance and property tax payments. In April 2014, InnVest received the \$6.4 million balance of its finance lease receivable which related to previous lease and sale arrangement.

	June 30, 2014
Cash	\$ 44,076
Operating line availability	35,757
Bridge line availability	10,904
Subordinated liquidity facility availability	50,000
Capital expenditure loan facility availability	18,880
<b>Total current liquidity</b>	<b>\$ 159,617</b>
Additional liquidity contingent on capital expenditures incurred:	
Restricted cash	2,569
<b>Total potential liquidity</b>	<b>\$ 162,186</b>

Management believes that InnVest's credit and liquidity facilities, cash on hand and expected cash flow from operations, and the potential to sell assets or access debt and equity markets, will allow InnVest to meet all its financial commitments. If necessary, near-term disruptions to operating earnings and cash flow could be addressed through reductions in discretionary capital allocation decisions such as capital investments above the FF&E Reserve and/or distributions.

### Cash on Hand

At June 30, 2014, InnVest has cash totalling \$46.6 million, of which \$2.6 million is restricted to undertake capital refurbishments in accordance with certain mortgage and franchise agreements.

Each year, InnVest allocates an FF&E Reserve totalling between 4% and 5% of total hotel revenue. Capital expenditures during the six months ended June 30, 2014 totalled \$40.4 million (2013 – \$18.5 million) compared to the allocated FF&E Reserve of \$10.9 million (2013 – \$11.9 million). Incremental capital expenditures above the allocated FF&E Reserve was funded with cash on hand and InnVest's capital expenditure loan facility. At June 30, 2014, future capital commitments approximate \$15.4 million.

The following chart shows the changes in the FF&E Reserve restricted cash balance since December 31, 2013.

Opening balance, January 1, 2014	\$ 6,760
FF&E Reserve	10,886
Transferred from operating cash	17,507
Funded through capital expenditure loan facility (added to mortgage debt)	7,806
Capital expenditures	(40,390)
<b>Closing balance, June 30, 2014</b>	<b>\$ 2,569</b>

### Debt Strategy

InnVest's debt strategy involves the use of various forms of debt including conventional property-specific secured mortgages, unsecured convertible debentures, secured floating interest rate bank financing and subordinated term loans. Management's objectives are to maximize its liquidity sources and flexibility while maintaining access to low cost debt and a staggered debt maturity schedule to manage interest rate and refinancing risk.

**CREDIT FACILITY AND BRIDGE LOANS**

InnVest's operations are seasonal (see Quarterly Results). InnVest's credit facility ensures that the seasonal fluctuation in cash flows will not affect its ability to operate in the normal course of business.

InnVest has an operating line of credit of up to \$40.0 million with a major banking institution which matures August 31, 2015. The operating line is secured by 10 properties. The amount of the operating line is subject to a mortgageability test which is based on the operating results of the secured properties. Interest rates are based on the lesser of (i) Canadian prime rate plus 2.0% and (ii) the Canadian Bankers' Acceptance rate plus 3.0%. Based on the operating results of the secured properties for the four quarters ended June 30, 2014, InnVest qualifies for \$35.8 million availability under the line of credit. At June 30, 2014, no amount was drawn on the credit facility (December 31, 2013 - \$nil). Letters of credit totalling \$2.4 million were issued pursuant to the facility (December 31, 2013 - \$2.2 million).

During the second quarter, InnVest finalized a bridge loan for up to \$40.0 million to be used pending permanent financing or the sale of assets. The bridge loan is secured by six properties, expires in May 2015 and bears interest at Canadian prime plus 1.5% or the Canadian Bankers' Acceptance rate plus 2.5%. The amount available under the bridge loan is subject to a mortgageability test which is based on the operating results of the secured properties. At June 30, 2014, InnVest qualifies for \$39.6 million availability, of which \$28.7 million was drawn.

At June 30, 2014, InnVest has a \$2.5 million (December 31, 2013 - \$2.8 million) bridge loan secured by one hotel. During the first quarter of 2014, the bridge loan was extended to mature February 28, 2015 and bears interest at the Canadian Bankers' Acceptance rate plus 4.0%.

**SECURED LONG-TERM DEBT, SUBORDINATED TERM LOANS AND CONVERTIBLE DEBENTURES**

InnVest attempts to stagger the maturity of fixed-term debt to minimize interest and financing risks.

	June 30, 2014	December 31, 2013
<b>Mortgages and subordinated term loans</b>		
Mortgages and subordinated term loans payable	\$ 730.5	\$ 705.7
Weighted average term to maturity	<b>3.8 years</b>	3.3 years
Weighted average interest rate	<b>5.7%</b>	5.8%
Percentage of secured financing at floating interest rate debt	<b>12.6%</b>	3.6%
<b>Convertible debentures</b>		
Convertible debentures outstanding	\$ 276.4	\$ 346.4
Weighted average term to maturity	<b>3.8 years</b>	3.5 years
Weighted average interest rate	<b>5.9%</b>	5.9%

Total mortgages payable at June 30, 2014 include \$8.9 million presented as current liabilities related to assets held for sale (December 31, 2013 - \$27.2 million). Through the first half of 2014, thirteen hotels were sold contributing to mortgage repayments of approximately \$15.0 million.

On January 7, 2014, management completed the refinancing of the Sheraton Eau Claire, Calgary for \$68.0 million at a fixed interest rate of 5.33% for a 10-year term. Incremental proceeds of \$36.4 million from the refinancing were available to partially repay a \$45.4 million mortgage maturity in April 2014 (secured by 10 properties). Following this repayment, one of the unencumbered assets was pledged to the credit facility, one asset was sold as part of a previous financing arrangement (eliminated the finance lease receivable), two of the assets were applied to substitute mortgage security to accommodate assets sales, and the remaining six hotels were pledged toward the new \$40.0 million bridge loan.

In April 2014, InnVest entered into and closed a credit agreement with KingSett for a four-year \$50.0 million subordinated term loan facility. Proceeds were available to fund the early redemption of InnVest's \$70.0 million Series C convertible debentures on June 3, 2014. Upon the payment of a standby fee, KingSett also provided InnVest with a facility to draw an additional \$50.0 million subordinated non-revolving stand-by liquidity facility. Refer to *Related Party Transactions* for a discussion of the terms of these loans.

In 2013, InnVest refinanced a \$183.8 million mortgage. The mortgage carried its then-existing interest weighted average interest rate of 6.0% through May 2014 (the original maturity date) and approximately 5.1% currently.

As part of certain mortgage agreements, InnVest has access to a loan facility for up to \$30.0 million to fund 65% of capital expenditures incurred at certain of its hotels. At June 30, 2014, InnVest has remaining capacity on this facility of \$18.8 million (December 31, 2013 - \$26.7 million), of which approximately \$2.9 million is available to be drawn based on capital expenditures incurred to-date.

At June 30, 2014, InnVest has approximately \$73.4 million (December 31, 2013 - \$121.0 million) of mortgages secured by conduit financing maturing in 2015. Approximately \$45.4 million of these mortgages were repaid in April 2014.

In June 2014, InnVest completed the early redemption of its \$70.0 million Series C convertible debentures. At June 30, 2014, InnVest has four series of fixed-rate convertible debentures totalling \$276.4 million (December 31, 2013 - \$346.4 million). Subsequent to the end of the quarter, InnVest purchased for cancellation \$28.8 million of its Series G convertible debentures following the completion of a tender offer.

The following chart highlights InnVest's mortgage (excluding those held for sale) and convertible debenture maturity schedule at June 30, 2014, pro forma the completion of a tender offer for Series G convertible debentures in July 2014.

Based on recent negotiations with lenders and its knowledge and experience refinancing mortgages and accessing the public markets, management plans to address its debt maturities in the normal course of business. Continued contraction of interest rate spreads, along with decreases in bond yields, albeit modest in nature since the end of 2012, are allowing borrowing rates for the industry to remain attractive.

### Leverage

InnVest is not permitted to exceed certain financial leverage amounts under the terms of its Declaration of Trust. InnVest is permitted to incur indebtedness up to a level of 60% of gross asset value (75% including convertible debentures). The financial ratio is computed as of the last day of each financial year excluding any indebtedness under any operating line, non-interest bearing indebtedness, trade accounts payable and for greater certainty, deferred income tax liability. Management's policy is not to exceed this leverage limit at any time during the year. Separately, InnVest is further limited by its credit facility covenant which limits aggregate indebtedness (including convertible debentures) to a level up to 70% of gross asset value.

At June 30, 2014, InnVest's leverage excluding and including convertible debentures was 48.7% (December 31, 2013 – 44.0%) and 66.4% (December 31, 2013 – 65.5%), respectively. Proforma the cancellation of the Series G convertible debentures on July 31, 2014, InnVest's leverage would have approximated 66.0% at June 30, 2014 (49.8% excluding convertible debentures).

Total assets per Consolidated Balance Sheet	\$ 1,227,354	
Accumulated depreciation and amortization	335,334	
Gross Asset Value	\$ 1,562,688	
Book value of mortgages and bridge loan <sup>(1)</sup>	\$ 761,658	48.7%
Convertible debentures <sup>(2)</sup>	276,358	17.7%
Total debt	\$ 1,038,016	66.4%

(1) Mortgages payable are gross of financing issuance costs and include \$8.8 million in mortgages related to assets held for sale.

(2) Adjusted to face value.

### Contractual Obligations Repayment Summary

Given available liquidity, access to capital and expectations of improving economic and operating trends, management expects to be able to fund all commitments in the normal course of business.

The following table summarizes InnVest's contractual obligations as at June 30, 2014. InnVest has no off-balance sheet items.

	2014	2015	2016	2017	2018	2019 and thereafter	Contractual cash flows <sup>(1)</sup>
Accounts payable and other liabilities	\$ 71,860	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 71,860
Liabilities related to assets held for sale	11,536	-	-	-	-	-	11,536
Mortgage and subordinated term loan payable							
– principal <sup>(2)</sup>	8,563	87,567	59,803	308,564	60,234	199,376	724,107
– interest <sup>(3)</sup>	22,724	40,172	35,994	21,384	12,283	18,336	150,893
Bank indebtedness							
– principal <sup>(2)</sup>	-	28,700	-	-	-	-	28,700
– interest	789	658	-	-	-	-	1,447
Convertible debentures							
– principal	-	-	36,358	75,000	50,000	115,000	276,358
– interest	8,221	16,442	15,215	13,988	8,050	3,306	65,222
Long-term land leases	921	1,706	1,706	1,706	1,710	73,065	80,814
Capital commitments	15,419	-	-	-	-	-	15,419
Total	\$ 140,033	\$ 175,245	\$ 149,076	\$ 420,642	\$ 132,277	\$ 409,083	\$ 1,426,356

(1) Contractual cash flows include principal and interest payments and include extension options available to InnVest.

(2) Mortgage principal includes regular amortization and repayments at maturity.

(3) Interest for floating rate debt is based on interest rates prevailing at June 30, 2014.

As at June 30, 2014, InnVest has leasehold interests in 7 of its hotels. The leaseholds require minimum annual average lease payments and expire between 2018 and 2088. At June 30, 2014, the average term of InnVest's leaseholds exceeded 35 years. During the second quarter of 2014, InnVest sold three leasehold interest in hotels.

### Contingent Obligations

InnVest and its operating subsidiaries are contingently liable with respect to litigation and claims that arise from time to time in the normal course of business. In the normal course of business, InnVest receives default notices relating to the maintenance of brand standards at certain hotels. InnVest typically disputes such notices and negotiates a resolution with its franchisors or management companies in cases where the management company provides the hotel brand which may include investments in hotels.

## DISTRIBUTIONS TO UNITHOLDERS

For the six months ended June 30, 2014, distributions totalling \$18.8 million were declared (\$0.1998 per unit), relatively unchanged from the prior year (2013 – \$18.7 million or \$0.1998 per unit).

For the twelve months ended June 30, 2014, InnVest's payout ratio was 86.4% of AFFO as compared to 81.1% for the annual 2013 period as a result of the reduced year-over-year Hotel GOP generated through the first half of 2014 owing to the temporary impact of renovation displacement during the year.

Twelve months ended June 30,		Years ended December 31,				
2014		2013	2012	2011	2010	2009
AFFO	\$ 43,482	\$ 46,185	\$ 44,619	\$ 46,440	\$ 41,776	\$ 51,524
Distributions	37,572	37,465	37,383	44,896	44,384	51,297
AFFO in excess of (less than) distributions	5,910	8,720	7,236	1,544	(2,608)	227
Non-cash distributions made through the DRIP	1,389	500	143	309	1,688	2,756
AFFO in excess of (less than) cash distributions	\$ 7,299	\$ 9,220	\$ 7,379	\$ 1,853	\$ (920)	\$ 2,983
AFFO payout ratios: Total distributions	86.4%	81.1%	83.8%	96.7%	106.2%	99.6%
Cash distributions (excluding DRIP)	83.2%	80.0%	83.5%	96.0%	102.2%	94.2%

Liquidity to fund distributions is generated from cash flow from operations, cash on hand, available bank operating lines and by the ability to finance certain under-leveraged assets. First and fourth quarter distributions are typically partially funded through cash on hand and/or the temporary use of InnVest's revolving operating credit facility given the seasonality of revenues in contrast to costs which are fixed throughout the year.

Distributions to unitholders are approved by InnVest's Board of Trustees. Each month, InnVest may distribute such percentage of

its estimated adjusted funds from operations as the Trustees determine in their discretion. In exercising their discretion to approve the level of distributions, the Trustees rely on forecasts prepared by management and other financial information to determine if sufficient cash flow will be available to fund distributions. Such financial information is subject to change due to the nature of the Canadian hotel industry which can be difficult to predict, even in the short-run. Refer to *Risks and Uncertainties* on page 21.

## UNIT INFORMATION

Since January 1, 2014, InnVest issued units as follows:

Units outstanding, January 1, 2014	93,830,897
Distribution reinvestment plan	217,208
Payment in kind related to long-term debt <sup>(1)</sup>	603,297
Executive compensation plan	44,988
Trustee compensation plan	16,861
Units outstanding, June 30, 2014	94,713,251
<i>Issued subsequent to the quarter</i>	
Payment in kind related to long-term debt <sup>(1)</sup>	46,297
Distribution reinvestment plan	70,540
Units outstanding, August 7, 2014	94,830,088

Note 1: Related to up-front fee and commitment fee and the payment in kind for a portion of monthly interest payable on the KingSett loan. Refer to Related Party Transactions.

The following table summarizes the number of units issuable based on the convertible debentures outstanding at June 30, 2014.

Convertible debentures	Maturity date	Conversion strike price	Balance outstanding	Units to be issued upon conversion
Series D – 6.75%	March 31, 2016	\$ 5.70	\$ 36,358	6,378,596
Series E – 6.00%	September 30, 2017	\$ 8.00	\$ 75,000	9,375,000
Series F – 5.75%	March 30, 2018	\$ 9.45	\$ 50,000	5,291,005
Series G – 5.75% <sup>(1)</sup>	March 31, 2019	\$ 5.80 <sup>(1)</sup>	\$ 115,000 <sup>(1)</sup>	19,827,586 <sup>(1)</sup>

Note 1: Refer to 'Series G Tender and Amendments' below.

For each series of debentures, InnVest may elect, from time to time, to satisfy its obligation to pay interest by delivering units. Also, for each of its debentures, InnVest may, at its option, on not more than 60 days' and not less than 30 days' prior notice and subject to applicable regulatory approval, elect to satisfy its obligation to repay all or any portion of the principal amount of the debentures that are to be redeemed or that are to mature by issuing units. The number of units to be issued in respect of each debenture will be determined by dividing the principal amount by 95% of the volume-weighted average trading price of the units on the Toronto Stock Exchange for the 20 consecutive trading days ending on the fifth trading day preceding the date fixed for redemption or maturity, as the case may be.

### Series G Tender and Amendments

On July 31, 2014, InnVest completed its previously announced substantial issuer bid to purchase for cancellation \$28.8 million of the outstanding principal amount of its Series G convertible unsecured subordinated debentures (the "Series G Debentures") at a purchase price of \$1,080 for each \$1,000 in principal amount (the "Series G Offer").

In connection with the Series G Offer, at a meeting for holders of the Series G Debentures on July 25, 2014, debenture holders approved certain amendments to the trust indenture governing the Series G Debentures as follows:

- (i) increase the rate of coupon interest payable per annum on the Series G Debentures from 5.75% to 6.25% effective as of the commencement of the next interest accrual period, being September 30, 2014; and

- (ii) increase the conversion price for each InnVest unit to be issued upon the conversion of one Series G Debenture from \$5.80 to \$7.50 per unit.

### Redemptions

On June 3, 2014, InnVest completed the early redemption of its \$70.0 million Series C 5.85% Debentures (due August 1, 2014).

### Distribution reinvestment plan ("DRIP")

InnVest has a DRIP whereby eligible Canadian unitholders may elect to have their distributions of income from InnVest automatically reinvested in additional units of InnVest.

### Executive and Trustee compensation programs

InnVest's executive compensation program typically provides for the grant of restricted units to certain senior employees. Units granted vest equally on the third and fourth anniversary of the effective date of grant. At June 30, 2014, there were 51,718 unvested executive units granted under the plan (December 31, 2013 – 27,210). Given his short-term compensation agreement, InnVest's Chief Executive Officer is issued units which vest immediately upon grant, rather than vesting over the three and four year periods. In March 2014, 40,000 units were granted to the Chief Executive Officer (2013 – 8,000).

InnVest has set aside 350,000 units in reserve for Board of Trustee compensation. At June 30, 2014, the balance in this reserve account is 152,745 units (December 31, 2013 – 169,606).

## RELATED PARTY TRANSACTIONS

In accordance with InnVest's corporate governance practices, all related party transactions are approved by the independent trustees.

### Westmont Hospitality Canada Limited

InnVest has an asset supervisory agreement relating to certain hotels owned by InnVest and not managed by Westmont. This agreement entitles Westmont to an asset management fee based on a fixed percentage of the purchase price of the hotel or a fixed percentage of Hotel GOP, subject to an annual minimum fee until November 30, 2014. Asset management of InnVest will be internalized without termination costs, effective November 30, 2014. As a result, InnVest will no longer pay asset management fees to Westmont effective December 1, 2014.

InnVest also has a management agreement for hotel management and accounting services and an administrative services agreement with Westmont. Westmont is controlled by a minority unitholder of InnVest and is currently entitled to appoint two members to the Board of Trustees.

On April 21, 2014, InnVest finalized an amendment and extension of the hotel management agreement on the following terms:

- The term of the agreement was extended until April 21, 2024 and may be renewed on the mutual consent of the both parties.
- Westmont no longer has the exclusive right to manage InnVest's acquired hotels. InnVest may consider appointing Westmont to manage any additional hotels on a case-by-case basis. Westmont was released from its non-compete arrangements.

- InnVest has the ability to terminate Westmont's appointment to manage any or all hotels for any reason on 60 days' prior written notice with respect to any or all of the hotels managed by Westmont, subject to a termination payment equal to three times the sum of all management fees earned or payable (as such fees are defined in the management agreement) in respect of the hotels no longer covered by the management agreement due to such termination during the 12-month period immediately preceding the month in which the termination occurs (subject to adjustment in certain circumstances).
- Effective April 1, 2014, Westmont's base management fee has been reduced to 2.95% from 3.375% and a new incentive fee structure has been adopted that will allow Westmont to earn up to 3.80% of the gross revenue of managed hotels per year.
  - Westmont is entitled to an annual base incentive fee equal to 0.425% of gross revenues, to be adjusted at the end of the year as follows:
    - o For each percentage point (1.0%) that the year-over-year net operating cash flow of the managed hotels increases, the base incentive fee will be increased by 2.8333 basis points, to a maximum incentive fee of 0.85%;
    - o For each percentage point (1.0%) that the year-over-year net operating cash flow of the managed hotels decreases, the base incentive fee will be reduced by 2.8333 basis points, to a minimum incentive fee of 0%; and
    - o Where there is less than one percentage point (1.0%) change in the year-over-year net operating cash flow of the managed hotels, the incentive fee will remain unchanged at 0.425%.

In accordance with the hotel management agreement, in addition to the base management fee and incentive fee, Westmont is entitled to the following fees in respect of hotels that it manages (i) purchasing fees based on 5% of the cost of certain goods and supplies; (ii) construction fees based on 5% of the cost of construction and capital expenditures; and (iii) per guest room fees for accounting services in respect of the hotel businesses. The amended and restated management agreement did not result in any changes to the basis for such additional fees.

The amended and restated management agreement allows InnVest to request Westmont's services in connection with construction work to be performed at hotels that it does not manage and for accounting services in respect of InnVest's business on a case-by-case basis, as may be agreed to by both parties. Westmont is also entitled to be reimbursed for certain reasonable out-of-pocket costs and expenses incurred in the performance of its duties under the management agreement, provided that such costs have been identified in an approved budget or are otherwise approved in writing.

Westmont also provides certain administrative and support services, including the provision of: (i) office space and office equipment; (ii) communications and computer systems; and (iii) such administrative and secretarial support services as reasonably required from time to time to support InnVest's ongoing administration and operation. Such services are provided on a cost recovery basis pursuant to a budget.

Total management and other fees paid to Westmont during the six months ended June 30, 2014 were \$9.6 million (2013 – \$8.8 million). These fees represent approximately 69% (2013 – 66%) of total hotel management and other fees paid by InnVest to the four hotel management companies with which it partners.

### KingSett Capital

On April 24, 2014, InnVest closed a credit agreement with KingSett (the "Credit Agreement") for a \$50.0 million subordinated term loan facility (the "Term Loan"). KingSett has also provided an option to draw an additional \$50.0 million subordinated non-revolving stand-by liquidity facility (the "Liquidity Loan"). The Term Loan and the Liquidity Loan are each outstanding for four-year terms and are supported by a general security agreement. A trustee of the REIT has an indirect controlling interest in KingSett.

The Term Loan was subject to (a) an up-front fee of \$1.5 million (the "Up-Front Fee"), and (b) regular interest payments of 8.75% per annum (the "Term Interest Payments"). In addition, in consideration for KingSett agreeing to provide InnVest with the Liquidity Loan, InnVest paid KingSett a commitment fee of \$1.5 million (the "Commitment Fee"). If drawn, the Liquidity Loan will be subject to regular interest payments of 9.5% per annum (the "Liquidity Interest Payments").

In connection with the Credit Agreement, InnVest issued 573,361 units in satisfaction of the Up-Front Fee and the Commitment Fee in April 2014. In addition, in the first year that the Term Loan is outstanding, a portion of the Term Interest Payments due in that year equal to 3% per annum will be payable in units at the option of KingSett and, if the Liquidity Loan is drawn, a portion of the Liquidity Interest Payments in that year equal to 3.75% per annum will be payable in units at the option of KingSett. During the three subsequent years, the same portions of the Term Interest Payments and the Liquidity Interest Payments will be payable in units if mutually agreed by KingSett and InnVest. Any units will be issued at a price equal to the five-day volume-weighted average price of the units on the TSX prior to the date of each issuance. During the second quarter of 2014, InnVest issued 29,936 units in satisfaction of the Term Interest Payments.

## NON-IFRS FINANCIAL MEASURES AND ADDITIONAL IFRS FINANCIAL MEASURES

InnVest's consolidated financial statements are prepared in accordance with IFRS. Included in this MD&A are certain additional IFRS measures and non-IFRS measures, which are measures of InnVest's historical or future financial performance that are not calculated and presented in accordance with IFRS. These measures are unlikely to be comparable to similar measures presented by other reporting issuers. InnVest uses these measures to better assess its underlying performance and provides these additional measures so that investors may do the same. The following discussion defines the measures used by InnVest and presents why management believes they are useful supplemental measures of InnVest's performance.

### Additional IFRS Financial Measures

#### GROSS OPERATING PROFIT ("GOP")

GOP is defined as revenues less hotel and other real estate properties expense. GOP reflects results of operations from InnVest's two business segments: hotel ownership and other real estate assets. For the six months ended June 30, 2014 and 2013, InnVest's hotel ownership operations accounted for all of its total GOP.

Measures which reflect the cash flow generating ability of real estate assets are commonly used by real estate owners which, when considered with IFRS measures, give management a more complete understanding of property level results before debt service. It also facilitates comparisons between InnVest and its competitors. Management believes that GOP, specifically Hotel GOP, is one of InnVest's key performance indicators since it helps management, lenders and investors evaluate its core business' ongoing profitability.

GOP is an additional IFRS financial measure derived from the consolidated financial statements but does not have a standardized meaning prescribed by IFRS. Therefore it is unlikely to be comparable to similar measures presented by other issuers.

GOP has been calculated as follows:

	Three months ended June 30,		Six months ended June 30,	
	2014	2013	2014	2013
Revenues	\$ 146,231	\$ 161,276	\$ 260,662	\$ 285,098
Hotel and Other real estate properties expenses				
Operating expenses	91,218	99,377	177,183	192,485
Property taxes, rent and insurance	10,239	12,322	20,851	25,004
Management fees	5,929	6,306	10,289	11,075
	107,386	118,005	208,323	228,564
Gross operating profit	\$ 38,845	\$ 43,271	\$ 52,339	\$ 56,534

### Non-IFRS Financial Measures

#### FUNDS FROM OPERATIONS ("FFO")

FFO is a common measure of performance in the real estate investment trust industry. FFO is one measure used by industry analysts and investors in the determination of InnVest's valuation, its ability to fund distributions and investors' investment return requirements. As a result, InnVest believes that FFO is a useful supplemental measure of its operating performance for investors. FFO assumes that the value of real estate investments does not necessarily decrease on a systematic basis over time, an assumption inherent in IFRS, and it adjusts for items included in net income that do not necessarily provide the best indicator of operating performance, such as gains or losses on the sale of assets, provisions for impairment (and impairment reversals) of assets as well as changes in the fair value of certain equity-based financial instruments classified as financial liabilities.

FFO should not be considered a substitute for net income or cash flow from operating activities determined in accordance with IFRS.

InnVest presents FFO in accordance with Real Property Association of Canada's ("REALpac") White Paper on Funds From Operations revised in April 2014 except that InnVest excludes unusual items which are not in the normal course of business and are not expected to reoccur. InnVest's method of calculating FFO may be different from that of other organizations.

InnVest calculates FFO by using net income (loss) and adjusting for:

- Depreciation, amortization and accretion, excluding amortization of deferred financing costs;
- Deferred income tax expense or recovery;
- Any gains or losses on the disposition of assets;
- Non-cash writedown of assets held for sale as well as the impairment provision (and impairment reversals) on assets;
- Non-cash effect of certain equity-based financial instruments classified as financial liabilities under IFRS (includes distributions included in corporate and administrative expense and changes to fair value each reporting period); and
- Non-recurring costs that may impact cash flow. Items are considered non-recurring when a similar loss or gain is not reasonably likely to occur within the next two years and has not occurred during the prior two years.

A reconciliation of IFRS net income (loss) to FFO is as follows:

	Three months ended June 30,		Six months ended June 30,	
	2014	2013	2014	2013
Net income (loss)	\$ 4,818	\$ 20,505	\$ (30,053)	\$ (21,161)
Add/(deduct):				
Depreciation and amortization	19,229	20,460	39,455	41,172
Deferred income tax (recovery) expense	-	(40)	-	(322)
Unrealized changes in the fair value of financial liabilities	50	(12,409)	8,121	4,819
Distributions included in corporate and administrative expense	37	37	73	73
Gain on sale of assets, net	(2,953)	(6,841)	(4,009)	(8,100)
Writedown of hotel properties (reversal of previous impairment), net	84	3,385	(491)	3,385
Non-recurring costs:				
Proxy defense and settlement costs	-	-	3,594	-
Litigation settlement	(500)	-	(500)	-
FFO	\$ 20,765	\$ 25,097	\$ 16,190	\$ 19,866
FFO per unit:				
Basic	\$ 0.220	\$ 0.268	\$ 0.172	\$ 0.212
Diluted	\$ 0.190	\$ 0.223	\$ 0.171	\$ 0.211
Weighted average units outstanding:				
Basic	94,433,893	93,726,338	94,147,664	93,694,927
Diluted	135,718,916	134,598,525	94,510,533	107,278,467

#### ADJUSTED FUNDS FROM OPERATIONS ("AFFO")

InnVest uses AFFO (previously referred to as distributable income), as its measure of normalized cash flow in order to assess its ability to fund distributions for current or potential investors.

AFFO is defined as FFO adjusted for:

- Non-cash deferred financing charges;
- The reserve for replacement of furniture, fixtures and equipment and capital improvements; and
- Any other adjustment determined by the Board of Trustees in their discretion.

A reconciliation of FFO to AFFO is as follows:

	Three months ended June 30,		Six months ended June 30,	
	2014	2013	2014	2013
FFO	\$ 20,765	\$ 25,097	\$ 16,190	\$ 19,866
Add/(deduct):				
Non-cash portion of mortgage interest expenses	715	529	1,281	1,053
Non-cash portion of convertible debenture interest and accretion	1,094	1,272	2,242	2,510
FF&E reserve	(6,124)	(6,724)	(10,886)	(11,899)
AFFO	\$ 16,450	\$ 20,174	\$ 8,827	\$ 11,530
AFFO per unit:				
Basic	\$ 0.174	\$ 0.215	\$ 0.094	\$ 0.123
Diluted	\$ 0.151	\$ 0.180	\$ 0.093	\$ 0.123
Weighted average units outstanding:				
Basic	94,433,893	93,726,338	94,147,664	93,694,927
Diluted	135,718,916	134,598,525	94,510,533	94,057,796

AFFO is also used by management and the Board of Trustees to determine the level of distributions to unitholders and also serves as an important measure for investors in their evaluation of the performance of management.

In addition, when evaluating acquisition opportunities, the AFFO to be generated by the asset is reviewed by management to determine whether a proposed acquisition is expected to generate an increase in AFFO per unit. Therefore, AFFO is an important measure for management as a guideline through which operating and financial decisions are made and is an integral part of the investment decision for investors and potential investors. There is no standard industry-defined measure of AFFO. InnVest's method of calculating AFFO may be different from that of other organizations.

Reconciliation of cash from operating activities to AFFO	Six months ended June 30,	
	2014	2013
Cash flow utilized in operating activities	\$ 21,598	\$ 14,351
Changes in non-cash working capital	(8,238)	9,343
Changes in non-cash items (Net gain on sale of assets, Unrealized loss on liabilities presented at fair value, Net writedown (reversal) of hotel properties)	3,121	104
Proxy defense and settlement costs	3,594	-
Others, net	(362)	(369)
FF&E Reserve	(10,886)	(11,899)
AFFO	\$ 8,827	\$ 11,530

## RISKS AND UNCERTAINTIES

The achievement of InnVest's objectives is, in part, dependent on the successful mitigation of business risks identified. All real estate investments are subject to a degree of risk including changes in general economic and local market conditions, competition from other hotels, new supply, equity and credit market conditions, fluctuations in interest costs, compliance with legislative requirements and various other factors.

There have been no changes to InnVest's assessment of its risk factors since December 31, 2013. For a discussion of risk factors that have been identified, readers should refer to InnVest's 2013 Annual Report and InnVest's Annual Information Form dated March 19, 2014, both of which are available on SEDAR.

## CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The discussion and analysis of InnVest's financial position and results of operations are based upon its consolidated financial statements, which have been prepared in accordance with IFRS. The preparation of financial statements requires management to make judgments, estimates and assumptions concerning the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the balance sheet date and the reported amounts of revenue and expenses during the reporting period. Management uses its judgment and knowledge from past experience as a basis for estimates and other assumptions required in the preparation of the financial statements. Management's estimates and assumptions are evaluated and updated on a regular basis taking into account current market conditions. The actual results may materially differ, if management were to use different estimates and assumptions.

Other than as noted below, the significant accounting policies used in the preparation of the Interim Financial Statements for the three and six months ended June 30, 2014 are consistent with those reported in the audited consolidated financial statements for the year ended December 31, 2013.

Effective January 1, 2014, InnVest implemented accounting policy changes relating to amendments to IAS 32 - *Financial Instruments: Presentation* and IFRIC 21 - *Levies*. The adoption of these changes did not have a significant impact on InnVest's Interim Financial Statements.

### IAS 32 - Financial Instruments: Presentation

Amendments to IAS 32 provide additional guidance on the presentation of offsetting financial assets and financial liabilities. The amendments present application guidance on the legal right to offset financial assets and liabilities and management's intent to settle on a net basis.

### IFRIC 21 - Levies

IFRIC 21 clarifies that an entity recognizes a liability for a levy when the activity that triggers payment, as identified by the relevant legislation, occurs.

## FUTURE ACCOUNTING CHANGES

InnVest has reviewed new and revised accounting pronouncements that have been issued but are not yet effective and determined that the following may have an impact on its consolidated financial statements and note disclosures.

### Amendments to IAS 36 – Impairment of assets

Amendments to IAS 36 require the disclosure of the recoverable amount of impaired assets when an impairment loss has been recognized or reversed during the period and additional disclosures about the measurement of the recoverable amount of impaired assets when the recoverable amount is based on fair value less costs of disposal, including the discount rate when a present value technique is used to measure the recoverable amount. The amendments to IAS 36 are effective for annual periods beginning on or after January 1, 2014. The adoption of this standard is not expected to have a significant impact on InnVest's condensed interim consolidated financial statements.

### IFRS 9, Financial instruments

IFRS 9, *Financial Instruments* will replace IAS 39, *Financial Instruments: Recognition and Measurement* for classification and measurement of financial assets and liabilities.

IFRS 9 as issued reflects the International Accounting Standards Board's ("IASB") work to date on the replacement of IAS 39, and applies to the classification and measurement of financial assets and financial liabilities as defined in IAS 39. In February 2014, the IASB tentatively decided to require IFRS 9 to be adopted for annual periods beginning on or after January 1, 2018. The IASB intends to expand IFRS 9 to all new requirements for impairment of financial assets measured at amortized cost and hedge accounting. The impact of this ongoing project will be assessed by InnVest as remaining phases of the project are completed. Early adoption of IFRS 9 is permitted, subject to certain conditions.

### IFRS 11, Joint Arrangements

In May 2014, the IASB issued Amendments to IFRS 11, "Joint Arrangements: Accounting for Acquisitions of Interests in Joint Operations". The objective of the amendments is to add new guidance to IFRS 11 on accounting for the acquisition of an interest in a joint operation in which the activity of the joint operation constitutes a business, as defined in IFRS 3, "Business Combinations". Acquirers of such interests are to apply the relevant principles on business combination accounting in IFRS 3 and other standards, as well as disclosing the relevant information specified in these standards for business combinations. This amendment to IFRS 11 is effective for annual periods beginning on or after January 1, 2016. InnVest is currently evaluating the impact to the consolidated financial statements.

### IFRS 15, Revenue from Contracts with Customers

In May 2014, the IASB issued its new revenue standard, IFRS 15, "Revenue from Contracts with Customers". IFRS 15 specifies how and when revenue should be recognized as well as requiring more informative and relevant disclosures. IFRS 15 supersedes IAS 18, "Revenue Recognition", IAS 11, "Construction Contracts" and a number of revenue-related interpretations. Application of the standard is mandatory and it applies to nearly all contracts with customers: the main exceptions are leases, financial instruments and insurance contracts. IFRS 15 is effective for annual periods on or after January 1, 2017. InnVest is currently evaluating the impact to the consolidated financial statements.

## CONTROLS AND PROCEDURES

Management of InnVest is responsible for establishing and maintaining adequate internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external reporting purposes in accordance with IFRS. In accordance with National Instrument 52-109, *Certification of Disclosure in Issuers' Annual and Interim Filings*, the Chief Executive Officer and the Chief Financial Officer have assessed, or caused an assessment to be made under their direct supervision, of the design and operating effectiveness of InnVest's internal controls over financial reporting as at June 30, 2014, and based on that assessment, have concluded that InnVest's internal controls over financial reporting were appropriately designed and were operating effectively.

During the six months ended June 30, 2014, there were no changes in InnVest's internal controls over financial reporting which have significantly affected, or are reasonably likely to significantly affect, InnVest's internal controls over financial reporting.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. The inherent limitations in all controls systems ensure that no evaluation of controls can provide absolute assurance that all control issues, including instances of fraud, if any, have been detected. These inherent limitations include, amongst other items: (i) that management's assumptions and judgment could ultimately prove to be incorrect under varying conditions and circumstances; and/or (ii) the impact of material errors.

Additionally, controls may be circumvented by the unauthorized acts of individuals, by collusion of two or more people, or by management override. The design of any system of controls is also based, in part, upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential (future) conditions.

# NOTES TO CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2014 (all Canadian dollar amounts are in thousands, except unit and per unit amounts) (unaudited)

## 1. BASIS OF PRESENTATION

InnVest Real Estate Investment Trust ("InnVest" or the "REIT") is an unincorporated open-ended real estate investment trust governed by the laws of Ontario. The REIT began operations on July 26, 2002. As at June 30, 2014, the REIT owned 115 Canadian hotels operated under international brands.

The REIT leases its hotels to InnVest Hotels Trust ("IHT"), an indirectly-owned unit trust. IHT indirectly holds all of the hotel operating assets, earns revenues from hotel customers and pays rent to the REIT. IHT also indirectly holds a 50% interest in Choice Hotels Canada Inc. ("CHC"). At June 30, 2014, InnVest wholly-owns an indirect interest in the entities that carry on the business of operating hotels.

Revenues earned from hotel operations fluctuate throughout the year, with the third quarter being the highest due to the increased level of leisure travel in the summer months and the first quarter being the lowest as leisure travel tends to be lower at that time of year.

Units of InnVest trade on the Toronto Stock Exchange (the "TSX") under the symbol INN.UN.

InnVest's registered office is at 5090 Explorer Drive, Suite 700, Mississauga, Ontario L4W 4T9.

## 2. SIGNIFICANT ACCOUNTING POLICIES

### a) Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34, *Interim Financial Reporting* as issued by the International Accounting Standards Board ("IASB"). Accordingly, certain information and disclosure normally included in annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the IASB, have been omitted or condensed. The interim financial statements have been prepared using the same accounting policies and methods as those used in the consolidated financial statements for the year ended December 31, 2013, except as described below. These financial statements should be read in conjunction with InnVest's consolidated financial statements for the year ended December 31, 2013.

### b) Estimates

The preparation of financial statements in accordance with IAS 34 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the REIT's accounting policies. The critical accounting estimates and judgments have been set out in Note 2 of InnVest's consolidated financial statements for the year ended December 31, 2013.

### c) Application of New and Revised Accounting Standards

Effective January 1, 2014, InnVest has applied the following new and revised IFRSs in these unaudited condensed interim consolidated financial statements.

#### AMENDMENTS TO IAS 32 – FINANCIAL INSTRUMENTS PRESENTATION

The amendments provide additional guidance on the presentation of offsetting financial assets and financial liabilities. The amendments present application guidance on the legal right to offset financial assets and liabilities and management's intent to settle on a net basis. Retrospective application is required. The adoption of the amendments to IAS 32 did not have an impact on InnVest's condensed consolidated interim financial statements.

#### AMENDMENTS TO IAS 36 – IMPAIRMENT OF ASSETS

The amendments require the disclosure of the recoverable amount of impaired assets when an impairment loss has been recognized or reversed during the period and additional disclosures about the measurement of the recoverable amount of impaired assets when the recoverable amount is based on fair value less costs of disposal, including the discount rate when a present value technique is used to measure the recoverable amount. The amendments to IAS 36 are effective for annual periods beginning on or after January 1, 2014. The adoption of this standard is not expected to have a significant impact on InnVest's condensed interim consolidated financial statements.

#### IFRIC 21 – LEVIES

IFRIC 21 clarifies that an entity recognizes a liability for a levy when the activity that triggers payment, as identified by the relevant legislation, occurs. The adoption of IFRIC 21 did not have a significant impact on InnVest's condensed interim consolidated financial statements.

## d) Future accounting changes

### IFRS 9 – FINANCIAL INSTRUMENTS

IFRS 9 (2013), *Financial Instruments* will replace IAS 39, *Financial Instruments: Recognition and Measurement* for classification and measurement of financial assets and liabilities. IFRS 9, as issued, reflects the International Accounting Standards Board's ("IASB") work to date on the replacement of IAS 39, and applies to the classification and measurement of financial assets and financial liabilities as defined in IAS 39. In February 2014, the IASB tentatively decided to require IFRS 9 to be adopted for annual periods beginning on or after January 1, 2018. The IASB intends to expand IFRS 9 to all new requirements for impairment of financial assets measured at amortized cost and hedge accounting. The impact of this ongoing project will be assessed by InnVest as remaining phases of the project are completed.

### AMENDMENTS TO IFRS 11 – JOINT ARRANGEMENTS

In May 2014, the IASB issued Amendments to IFRS 11, "Joint Arrangements: Accounting for Acquisitions of Interests in Joint Operations". The objective of the amendments is to add new guidance to IFRS 11 on accounting for the acquisition of an interest in a joint operation in which the activity of the joint operation constitutes a business, as defined in IFRS 3, "Business Combinations". Acquirers of such interests are to apply the relevant principles on business combination accounting in IFRS 3 and other standards, as well as disclosing the relevant information specified in these standards for business combinations. This amendment to IFRS 11 is effective for annual periods beginning on or after January 1, 2016. InnVest is currently evaluating the impact to the consolidated financial statements.

### IFRS 15 – REVENUE FROM CONTRACTS WITH CUSTOMERS

In May 2014, the IASB issued its new revenue standard, IFRS 15, "Revenue from Contracts with Customers". IFRS 15 specifies how and when revenue should be recognized as well as requiring more informative and relevant disclosures. IFRS 15 supersedes IAS 18, "Revenue Recognition", IAS 11, "Construction Contracts" and a number of revenue-related interpretations. Application of the standard is mandatory and it applies to nearly all contracts with customers: the main exceptions are leases, financial instruments and insurance contracts. IFRS 15 is effective for annual periods on or after January 1, 2017. InnVest is currently evaluating the impact to the consolidated financial statements.

## 3. ASSETS HELD FOR SALE

Assets held for sale at June 30, 2014 include five hotels. All assets and liabilities relating to these hotel properties have been classified to current assets and current liabilities and are outlined in the table below:

	June 30, 2014	December 31, 2013
<b>Assets</b>		
Accounts receivable	\$ 1,373	\$ 1,522
Prepaid expenses and other assets	583	416
Hotel properties (net of accumulated depreciation of \$7,746; 2013 – \$17,649) (Note 6)	21,861	56,656
Intangible assets (net of accumulated amortization of \$190; 2013 – \$190) (Note 8)	64	64
<b>Total assets</b>	<b>\$ 23,881</b>	<b>\$ 58,658</b>
<b>Liabilities</b>		
Accounts payable and accrued liabilities	\$ 2,508	\$ 3,310
Long-term debt (Note 10)	8,851	27,165
Employee retiring allowance (Note 13)	177	177
<b>Total liabilities</b>	<b>\$ 11,536</b>	<b>\$ 30,652</b>

Assets held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Once they are classified as held for sale, depreciation ceases. The sales of these properties, which have been approved by the Board of Trustees, are highly probable and are expected to close within a year of their classification as held for sale.

The land amount at June 30, 2014 included in hotel properties held for sale is \$2,861 (December 31, 2013 – \$9,854). The operations of these hotels are not presented as discontinued operations on the condensed interim consolidated statement of net income (loss) and comprehensive income (loss) as they do not represent a separate geographical area of operations or a separate major line of business.

### Sale of assets

During the six months ended June 30, 2014, InnVest sold thirteen hotels classified as 'Assets held for sale' for aggregate net proceeds after closing costs of \$71,936. InnVest repaid \$14,950 of mortgages relating to these assets resulting in net cash proceeds of \$56,986. InnVest recorded a corresponding net gain on sale of \$4,009 which was included in 'Other income' (Note 21) in the condensed interim consolidated statements of net income (loss) and comprehensive income (loss). InnVest also recorded a reversal of a previous impairment of \$2,491 relating to four of these assets sold which has been included in 'Writedown of hotel properties, net' (Note 22), in the condensed interim consolidated statements of net income (loss) and comprehensive income (loss).

**Impairment review in the period**

Each reporting period, InnVest carries out a review of the fair value less costs to sell of its assets held for sale. During the six months ended June 30, 2014, InnVest's review led to the recognition of an impairment loss of \$2,000 (2013 – \$2,250 related to three hotel properties held for sale) related to a hotel property held for sale. The impairment loss has been included in 'Writedown of hotel properties, net' (Note 22), in the condensed interim consolidated statements of net income (loss) and comprehensive income (loss).

**4. RESTRICTED CASH**

The restricted cash of \$2,569 (December 31, 2013 – \$6,760) is being held by InnVest to undertake capital refurbishments in accordance with certain mortgage and franchise agreements.

**5. INVESTMENT IN JOINT VENTURE**

InnVest holds a 50% interest in the ownership of CHC, a separate legal entity. CHC's registered office is at 5090 Explorer Drive, Suite 500, Mississauga, Ontario L4W 4T9. InnVest's investment in CHC is classified as a joint venture. InnVest accounts for its investment in CHC using the equity method. The transfer of unrestricted funds from CHC is approved by the joint venture partners. The following table summarizes the movement of InnVest's joint venture investment:

Investment in Joint Venture	
Opening balance, January 1, 2013	<b>\$ 1,265</b>
Add:	
InnVest's 50% share of CHC's net income for the year ended December 31, 2013	4,433
Less:	
Dividends received	(4,496)
<b>Closing balance, December 31, 2013</b>	<b>\$ 1,202</b>
Add:	
InnVest's 50% share of CHC's net income for the six months ended June 30, 2014	2,086
Less:	
Dividends received	(1,871)
<b>Closing balance, June 30, 2014</b>	<b>\$ 1,417</b>

<b>Accumulated depreciation</b>					
Opening balance at January 1, 2013	58,801	113,860	22,068	53,278	248,007
Derecognition of assets	-	-	-	(12,302)	(12,302)
Depreciation	19,406	39,119	7,404	14,670	80,599
Reclass to assets held for sale (Note 3)	(3,951)	(12,155)	(2,609)	(3,944)	(22,659)
Balance at December 31, 2013	74,256	140,824	26,863	51,702	293,645
<b>Carrying value, December 31, 2013</b>	<b>\$ 757,391</b>	<b>\$ 154,597</b>	<b>\$ 175,277</b>	<b>\$ 48,238</b>	<b>\$ 1,135,503</b>

The depreciation expense has been included in the line item 'Depreciation and amortization' in the condensed interim consolidated statements of net income (loss) and comprehensive income (loss).

The land amount included in land, building and leaseholds is \$138,613 at June 30, 2014 (December 31, 2013 - \$138,613). This amount is not depreciated. Hotel properties at June 30, 2014 include \$3,324 relating to leased assets (December 31, 2013 - \$7,343).

### Impairment review during the period

Each reporting period, InnVest performs a review for indicators of impairment in respect of its hotel properties. If an impairment indicator is identified, InnVest determines the recoverable amount of the individual hotel property as the higher of value-in-use and fair value less costs to sell. Value-in-use is based on a discounted cash flow approach whereas fair value less costs to sell is determined giving consideration to comparable sales transactions and price per room metrics. The discount rate used in measuring value-in-use is based on market conditions per individual hotel property and ranged from 9.75% to 10.5% at June 30, 2014. (December 31, 2013 - ranged from 9.75% to 10.5%). No impairment was recognized for the six months ended June 30, 2014 (2013 - \$nil).

## 7. OTHER REAL ESTATE PROPERTIES

Other real estate properties include a retail property and a retirement residence. The land amount included in land and building is \$121 at June 30, 2014 (December 31, 2013 - \$121). This amount is not depreciated.

As described under Note 6, a similar impairment review was performed on other real estate properties. No impairment was recognized for the six months ended June 30, 2014 (2013 - \$nil).

	Land and Building	Furniture, Fixtures and Equipment	Total
<b>Cost</b>			
Opening balance at January 1, 2014	\$ 2,497	\$ 77	\$ 2,574
Additions	24	-	24

Balance at December 31, 2013	15,047	1,516	16,563
<b>Carrying value, December 31, 2013</b>	<b>\$ 11,273</b>	<b>\$ 804</b>	<b>\$ 12,077</b>

The amortization expense has been included in the line item 'Depreciation and amortization' in the condensed interim consolidated statements of net income (loss) and comprehensive income (loss).

## 9. BANK INDEBTEDNESS

On May 23, 2014, InnVest obtained a bridge facility of up to \$40,000 with a major banking institution which expires May 31, 2015. The bridge facility is secured by 6 properties. The amount of the bridge facility is subject to a mortgageability test which is based on the operating results of the secured properties, calculated quarterly on a trailing four quarters basis. Based on the operating results of the secured properties for the four quarters ended June 30, 2014, InnVest had the ability to draw up to \$39,604. The amount drawn on the bridge facility as at June 30, 2014 was \$28,700. The bridge facility bears interest at either the Canadian bank prime rate plus 1.5% or the Canadian Bankers' Acceptance rate plus 2.5%.

## 10. LONG-TERM DEBT

	June 30, 2014	December 31, 2013
Mortgages payable	\$ 680,458	\$ 705,666
Subordinated term loan	50,000	-
Bridge loan	2,500	2,750
	<b>732,958</b>	708,416
Reclass to liabilities related to assets held for sale (Note 3)	<b>(8,851)</b>	(27,165)
	<b>724,107</b>	681,251
Less debt issuance costs	<b>(9,953)</b>	(7,163)
Total long-term debt	<b>714,154</b>	674,088
Less current portion	<b>(18,823)</b>	(91,079)
Net long-term debt	<b>\$ 695,331</b>	\$ 583,009

### Mortgages payable

Substantially all of InnVest's assets have been pledged as security under debt agreements. At June 30, 2014, long-term debt had a weighted average interest rate of 5.7% (December 31, 2013 - 5.8%) and a weighted average effective interest rate of 6.1% (December 31, 2013 - 6.2%). The long-term debt is repayable in average monthly payments of principal and interest totalling \$4,801 (December 31, 2013 - \$4,955) and matures at various dates from July 1, 2015 to January 1, 2024.

On January 7, 2014, InnVest completed the refinancing of the Sheraton Eau Claire, Calgary for \$68,000 at a fixed interest rate of 5.33% for a 10-year term. Incremental proceeds of \$36,378 from the refinancing was used to partially repay a \$45,398 mortgage that matured in April 2014 of which \$3,591 related to 'Assets held for sale'.

In addition, InnVest has access to a loan facility for up to \$30,000 to fund 65% of capital expenditures incurred at certain of its hotels. At June 30, 2014, InnVest had remaining capacity on the facility of \$18,880 (December 31, 2013 - \$26,686) of which \$2,944 could have been drawn upon.

During the fourth quarter of 2013, InnVest refinanced \$183,756 of debt for a 67-month term (plus two one-year extension options). The mortgage is secured by 42 properties with a weighted average interest rate of 6.0% until May 2014 and approximately 5.1% thereafter and approximately \$73,720 of fixed rate debt was exchanged for floating rate debt.

### Subordinated term loan

On April 24, 2014, InnVest closed a credit agreement with KingSett Capital ("KingSett") (the "Credit Agreement") pursuant to which KingSett provided InnVest with a \$50,000 subordinated term loan (the "Term Loan"). The Term

Loan will be outstanding for four years and was subject to an up-front fee of \$1,500 ("the Up-Front Fee") and bears interest at 8.75% per annum (the "Term Interest Payments").

KingSett also provided InnVest with a facility to draw an additional \$50,000 subordinated non-revolving stand-by liquidity facility (the "Liquidity Loan"). The Term Loan and Liquidity Loan are supported by a general security agreement. In consideration for KingSett agreeing to provide InnVest with the Liquidity Loan, a \$1,500 commitment fee was paid upon the closing of the Term Loan (the "Commitment Fee"). If drawn, the Liquidity Loan will bear interest of 9.5% per annum (the "Liquidity Interest Payments"). At June 30, 2014, no amount was drawn on the Liquidity Loan.

During the second quarter, InnVest issued 573,361 units in satisfaction of the Up-Front Fee and the Commitment Fee. During the first year that the Term Loan is outstanding, a portion of the Term Interest Payments due equal to 3% per annum will be payable in units at the option of KingSett. InnVest issued an additional 29,936 during the quarter relating to the Term Interest Payments. During the three subsequent years, the same portions of the Term Interest Payments and the Liquidity Interest Payments will be payable in units if mutually agreed by KingSett and InnVest.

**Bridge loan**

InnVest has a bridge loan secured by one property. As at June 30, 2014, the bridge loan amount was \$2,500 (December 31, 2013 – \$2,750). During the year, InnVest extended the bridge loan to February 28, 2015. The bridge loan requires quarterly principal payments of \$250 starting June 30, 2014 and bears interest at the Canadian Bankers' Acceptance rate plus 4.0%.

**Operating line**

At June 30, 2014, InnVest has an operating line of credit of up to \$40,000 with a Canadian chartered bank which expires August 31, 2015. The operating line is secured by 10 properties. The amount of the operating line is subject to a mortgageability test which is based on the operating results of the secured properties, calculated quarterly on a trailing four quarters basis. Based on the operating results of the secured properties for the four quarters ended June 30, 2014, InnVest had the ability to draw up to \$35,757. The amount drawn on the operating line as at June 30, 2014 was \$nil (December 31, 2013 – \$nil). The operating line bears interest at either the Canadian bank prime rate plus 2.0% or the Canadian Bankers' Acceptance rate plus 3.0%.

Scheduled repayments of long-term debt are as follows:

	Regular Amortization	Due on Maturity	Total
Remainder of 2014	\$ 8,563	\$ –	\$ 8,563
2015	15,479	72,088	87,567
2016	14,308	45,495	59,803
2017	8,371	300,193	308,564
2018	4,971	55,263	60,234
2019 and thereafter	8,530	190,846	199,376
	<b>\$ 60,222</b>	<b>\$ 663,885</b>	<b>\$ 724,107</b>

The estimated fair value of InnVest's long-term debt at June 30, 2014 was approximately \$742,261 (December 31, 2013 – \$716,050). This estimate was determined by discounting expected cash flows at interest rates that reflect current market conditions for debt with similar terms, maturities and credit risk.

Long-term debt includes \$91,889 (December 31, 2013 – \$28,489) which is subject to floating interest rates. Annual interest expense will increase by \$919 for every 1% increase in the base Bankers' Acceptance rate.

Interest expense on mortgages and other debt and convertible debentures interest are considered operating items in the condensed interim consolidated statements of cash flows.

**11. CONVERTIBLE DEBENTURES**

The convertible debentures outstanding as at June 30, 2014 are as follows:

Debenture	Original Face Amount	Maturity Date	Coupon Interest Rate	Interest Rate Including Issuance Costs	Effective Interest Rate <sup>(1)</sup>	Conversion Strike Price	Outstanding Principal June 30, 2014	Outstanding Principal December 31, 2013
Series C	70,000	August 1, 2014	5.85%	6.66%	7.42%	\$ 14.70	–	70,000
Series D	50,000	March 31, 2016	6.75%	7.64%	9.41%	\$ 5.70	<b>36,358</b>	36,358
Series E	75,000	September 30, 2017	6.00%	6.79%	7.75%	\$ 8.00	<b>75,000</b>	75,000
Series F	50,000	March 30, 2018	5.75%	6.57%	7.40%	\$ 9.45	<b>50,000</b>	50,000
Series G <sup>(2)</sup>	115,000	March 31, 2019	5.75%	6.60%	7.33%	\$ 5.80	<b>115,000</b>	115,000
Total convertible debentures							<b>\$ 276,358</b>	\$ 346,358

(1) Includes issuance costs and conversion option allocation.

(2) See Note 25.

The net proceeds received from the issuance of each convertible debenture have been split between a financial liability element and the conversion option component, representing the value attributable to the option to convert the financial liability into units of InnVest. InnVest has separated the conversion option component for each of its series of convertible debentures and measures such component at fair value at each reporting date. The conversion option feature of the convertible debentures is recorded as a liability under 'Other liabilities' in the condensed interim consolidated balance sheets and is measured at fair value (see Note 14).

	June 30, 2014	December 31, 2013
Convertible debentures	\$ 276,358	\$ 346,358
Financing costs and accretion, net	(2,107)	(1,580)
Less allocation of conversion option value	(12,853)	(15,805)
	<b>261,398</b>	328,973
Less current portion	-	(69,369)
Convertible debentures – non-current	<b>\$ 261,398</b>	\$ 259,604

The fair value of InnVest's convertible debentures, estimated based on the market price for each series of convertible debentures as at June 30, 2014, is \$282,817 (December 31, 2013 – \$332,474).

### Redemptions

On June 3, 2014, the Series C 5.85% convertible debentures, with a maturity date of August 1, 2014 and face amount outstanding of \$70,000 were redeemed and cancelled resulting in a loss of \$182 included in 'Other Income, net' (Note 21).

	Due on Maturity
Remainder of 2014	\$ -
2015	-
2016	36,358
2017	75,000
2018	50,000
2019 (Note 25)	115,000
	<b>\$ 276,358</b>
Financing costs and allocation of conversion option value	(14,960)
	<b>\$ 261,398</b>

## 12. PROVISIONS

	June 30, 2014	December 31, 2013
Opening balance, beginning of period	\$ 7,073	\$ 9,349
Increase (decrease) to 'Hotel properties':		
Reclass to assets held for sale (Note 3)	(50)	-
Other	23	-
Effect of changes in the discount rate (Note 6)	1,052	(2,276)
<b>Ending balance, end of period</b>	<b>\$ 8,098</b>	<b>\$ 7,073</b>

The entire provision of \$8,098 relates to InnVest's decommissioning and restoration obligation. The provision for decommissioning and restoration relates to the estimated future cost of environmental obligations for certain properties. InnVest intends to settle the obligations at the end of the expected useful life of the hotel properties. At June 30, 2014, the liability has been discounted at a rate of 2.78% based on the Bank of Canada long-term bond yields (December 31, 2013 – 3.2%). Upon the initial recognition of the liability, the decommissioning and restoration obligation was capitalized to buildings and is being amortized over the remaining useful life. The effects of the change of the discount rate are capitalized to buildings and amortized over the remaining useful life.

## 13. OTHER LONG-TERM OBLIGATIONS

	June 30, 2014	December 31, 2013
Finance lease	\$ 992	\$ 992
Other lease obligations	271	281
Employee retiring allowance	1,187	1,187
Employee benefit plans	1,891	1,904
Total other long-term obligations	\$ 4,341	\$ 4,364
Reclass to assets held for sale (employee retiring allowance) (Note 3)	(177)	(177)
Less current portion	(177)	(177)
Other long-term obligations – non-current	\$ 3,987	\$ 4,010

InnVest has one finance lease relating to one Ontario hotel with a lease term through 2018. InnVest has the option to purchase the hotel at a discounted amount at the conclusion of the lease. The fair value of the lease liability is approximately equal to its carrying amount.

### Defined benefit pension plans and other employment benefits

InnVest is responsible to provide employee retirement allowances to certain unionized employees at a limited number of its hotels. Liabilities are recorded for employee retirement allowance benefits using actuarial valuations. InnVest has defined benefit pension plans which are for specific employees of four hotels and are closed plans.

## 14. OTHER LIABILITIES

	June 30, 2014	December 31, 2013
Exchangeable units	\$ 1,930	\$ 1,695
Convertible debentures holders' conversion option (Note 16)	25,113	17,227
Unvested executive compensation	138	75
Other liabilities	\$ 27,181	\$ 18,997

### Exchangeable units

As part of an acquisition made in 2005, InnVest granted 362,869 exchangeable units ("Exchangeable units") to a third party. The Exchangeable units receive a monthly cash payment equal to the value of the cash distributions that would have been paid on the InnVest units if they had been issued on the date of grant. The Exchangeable units are exchangeable into InnVest units with three business days of prior written notice to InnVest or on August 2, 2015. The Exchangeable units are presented as liabilities at their fair value based on the market price of InnVest units. During the six months ended June 30, 2014, distributions totaling \$73 (2013 – \$73) were paid on the Exchangeable units and are included in 'Corporate and administrative' expenses in the condensed interim consolidated statements of net income (loss) and comprehensive income (loss).

### Convertible debenture holders' conversion option

InnVest has separated the conversion option component for each of its series of convertible debentures which are presented as liabilities. InnVest measures the conversion option component at fair value at each reporting date which is derived based on the volatility of InnVest units' market price, market interest rates as well as management's judgment relating to interest rate spreads for instruments of similar terms and risks.

### Executive compensation plan

The senior executives participate in an incentive plan that involves the grant of InnVest units which vest over time. Upon vesting, the payments are satisfied through the issuance of units. Unvested units are presented as liabilities at their fair value. Upon issuance of units (following the satisfaction of all vesting conditions), the liability is reclassified to 'Unitholders' equity' at the then-current fair value based on the market price of the units.

## 15. CAPITAL MANAGEMENT

InnVest manages its capital, which is defined as the aggregate of unitholders' equity and debt, under the terms of the Declarations of Trust (the "DOT"). InnVest's capital management objectives are (i) to ensure compliance with debt and investment restrictions outlined in its DOT as well as external existing debt covenants, (ii) to allow for the implementation of its disposition strategy and hotel property refurbishment program, and (iii) to build long-term unitholder value. Issuances of equity and debt are approved by the Board of Trustees through their review and approval of InnVest's annual business plan, along with periodic changes to the approved plans throughout each year.

At June 30, 2014, InnVest's primary contractual obligations consisted of long-term mortgage obligations and convertible debentures. InnVest is not permitted to exceed certain financial leverage amounts under the terms of the DOT. InnVest is permitted to hold indebtedness excluding convertible debentures up to a level of 60% of gross asset value. Further, InnVest is permitted to have indebtedness and convertible debentures up to a level of 75% of gross asset value. Indebtedness is computed as of the last day of each financial period excluding any indebtedness under any operating line, non-interest bearing indebtedness, trade accounts payable and, for greater certainty, deferred income tax liability. InnVest is further limited by an operating line covenant to only have a total indebtedness including convertible debentures up to 70% of gross asset value. Management's policy is not to exceed this leverage limit at any time during the year. Under the terms of the DOT individual property mortgages, or mortgages on a pool of properties, cannot exceed 75% of the fair value of the underlying property.

At June 30, 2014, InnVest's leverage excluding and including convertible debentures was 48.7% and 66.3%, respectively, calculated as follows:

	June 30, 2014		December 31, 2013	
Total assets per consolidated balance sheet	<b>\$ 1,227,354</b>		\$ 1,280,541	
Accumulated depreciation and amortization	<b>335,334</b>		328,657	
Gross asset value	<b>\$ 1,562,688</b>		\$ 1,609,198	
Book value of long-term debt and bridge facility (Notes 9 and 10) <sup>(1)</sup>	<b>\$ 761,658</b>	<b>48.7%</b>	\$ 708,416	44.0%
Convertible debentures (Note 11) <sup>(2)</sup>	<b>276,358</b>	<b>17.7%</b>	346,358	21.5%
Total indebtedness	<b>\$ 1,038,016</b>	<b>66.4%</b>	\$ 1,054,774	65.5%

(1) Adjusted to eliminate financing issuance costs.

(2) Adjusted to face value.

The DOT also includes guidelines that limit capital expended to, among other items, the following:

- Direct and indirect investments in real property on which hotels are situated and the hotel business conducted thereon, primarily in Canada, and in entities whose activities consist primarily of franchising hotels;
- Temporary investments held in cash, deposits with a Canadian chartered bank or trust company, short-term government debt securities or in money market instruments of, or guaranteed by, a Schedule 1 Canadian bank, short-term commercial paper, notes, bonds of other debt securities of a Canadian entity having a rating of at least R-1 (Mid) by Dominion Bond Rating Service or A-1 (Mid) by Standard & Poor's Corporation maturing prior to one year from the date of issue; and
- Investments in mortgages or mortgage bonds, where the related security is a first mortgage on income producing real property which otherwise complies with (a) above and is subject to certain leverage limits and debt service coverage. The aggregate value of such investments shall not exceed 20% of the unitholders' equity.
- Investments other than those summarized in (a) through (c) are limited to 15% of InnVest's Unitholders' equity plus accumulated depreciation.

InnVest is in compliance with these guidelines.

InnVest maintains an operating line with a Canadian chartered bank with the following covenants:

	Threshold	June 30, 2014	Capacity <sup>(1)</sup>	December 31, 2013
(i) Total indebtedness (including convertible debentures) as a percentage of gross assets	< 70.0%	<b>66.4%</b>	<b>\$ 55,866</b>	65.5%
(ii) Trailing 12 months consolidated earnings before interest, taxes, depreciation and amortization ("EBITDA") to consolidated interest expense <sup>(2)</sup>	> 1.8 x	<b>2.1 x</b>	<b>\$ 16,617</b>	2.1 x
(iii) Trailing 12 months consolidated EBITDA to consolidated debt service <sup>(3)</sup>	> 1.5 x	<b>1.6 x</b>	<b>\$ 7,446</b>	1.6 x
(iv) Unitholders' equity plus accumulated depreciation less 'Intangible assets'	> \$ 300,000	<b>\$ 421,161</b>	<b>\$ 121,161</b>	\$ 457,973

(1) Reflects additional capacity (for debt, EBITDA or unitholders' equity, as applicable) before exceeding the covenant threshold at June 30, 2014.

(2) Consolidated interest expense excludes non-cash portion of mortgage interest expense and non-cash portion of convertible debenture interest and accretion.

(3) Consolidated debt service includes consolidated interest expense plus regular principal payments of \$9,278.

## 16. FINANCIAL INSTRUMENTS

### Risk management

In the normal course of business, InnVest is exposed to a number of risks that can affect its operating performance. These risks, and the actions taken to manage them, include the following:

#### INTEREST RATE RISK

The average term to maturity of InnVest's aggregate long-term debt and convertible debentures exceeds three years. This strategy reduces InnVest's exposure to re-pricing risk resulting from short-term interest rate fluctuations in any one year. Management is of the view that such a strategy will provide the most effective interest rate risk management for debt.

InnVest's floating rate debt balance is monitored by management to minimize InnVest's exposure to interest rate fluctuations. As at June 30, 2014, InnVest's floating rate debt balance of \$91,889 (December 31, 2013 – \$28,489) is approximately 12.1% (December 31, 2013 – 4.0%) of total long-term debt, excluding convertible debentures.

#### CREDIT RISK

Credit risk relates to the possibility that hotel guests, either individual or corporate, do not pay the amounts owed to InnVest. InnVest mitigates this risk by limiting its exposure to customers allowed to pay by invoice after check out ("direct bill"). InnVest reviews accounts receivable regularly and the allowance for doubtful accounts is adjusted for any balances which are determined by management to be uncollectable. This provision adjustment is expensed in operating expenses. The following summarizes accounts receivable related balances:

	June 30, 2014	December 31, 2013
Accounts receivable	\$ 26,013	\$ 28,788
Allowance for doubtful accounts	\$ 391	\$ 462
Accounts receivable greater than 90 days not provided for	\$ 59	\$ 267
Allowance for doubtful accounts to total receivables	1.5%	1.6%

	Six Months Ended June 30, 2014	Six Months Ended June 30, 2013
Bad debt expense	\$ 35	\$ 2

#### LIQUIDITY RISK

Liquidity risk arises from the possibility of not having sufficient cash available to InnVest to fund its growth and capital maintenance programs and refinance its obligations as they arise. There is a risk that lenders will not refinance maturing debt on terms and conditions acceptable to InnVest or on any terms at all. There is also a risk that bank lenders will not refinance the operating and bridge loan facilities on terms and conditions acceptable to InnVest or on any terms at all.

Estimated maturities of InnVest's financial liabilities, excluding 'Other liabilities' are:

	Remainder of 2014	2015	2016	2017	2018	2019 and Thereafter	Contractual Cash Flows <sup>(1)</sup>
Accounts payable and accrued liabilities	\$ 71,860	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 71,860
Liabilities related to assets held for sale	11,536	-	-	-	-	-	11,536
Bank indebtedness – principal <sup>(3)</sup>	-	28,700	-	-	-	-	28,700
Bank indebtedness – interest <sup>(3)</sup>	789	658	-	-	-	-	1,447
Mortgages and subordinated term loan payable principal <sup>(2)</sup>	8,563	87,567	59,803	308,564	60,234	199,376	724,107
Mortgages and subordinated term loan payable interest <sup>(3)</sup>	22,724	40,172	35,994	21,384	12,283	18,336	150,893
Convertible debentures – principal	-	-	36,358	75,000	50,000	115,000	276,358
Convertible debentures – interest	8,221	16,442	15,215	13,988	8,050	3,306	65,222
Long-term land leases	921	1,706	1,706	1,706	1,710	73,065	80,814
Total	\$ 124,614	\$ 175,245	\$ 149,076	\$ 420,642	\$ 132,277	\$ 409,083	\$1,410,937

(1) Contractual cash flows include principal and interest payments and include extension options available to InnVest.

(2) Mortgage principal includes regular amortization and repayments at maturity.

(3) Interest for floating rate debt is based on interest rates prevailing at June 30, 2014.

**CONTINGENT OBLIGATIONS**

InnVest and its operating subsidiaries are contingently liable with respect to litigation and claims that arise from time to time in the normal course of business.

**Fair values**

The fair values of InnVest's current financial assets and current financial liabilities approximate their recorded values at June 30, 2014 and December 31, 2013 due to their short-term nature.

The fair value of InnVest's long-term debt is greater than the carrying value by approximately \$11,803 at June 30, 2014 (December 31, 2013 - \$7,634) due to changes in interest rates since the dates on which the individual mortgages were arranged. The fair value of long-term debt has been estimated based on the current market rates for mortgages with similar terms, credit risks and conditions.

The fair value of InnVest's convertible debentures is greater than the carrying value by approximately \$6,459 at June 30, 2014 (December 31, 2013 - was less than by \$13,884). The fair value of convertible debentures is based on the market price for each series of convertible debentures as at each reporting date.

The fair value hierarchy of financial liabilities measured at fair value on the balance sheet is as follows:

	June 30, 2014			December 31, 2013		
	Level 1	Level 3	Total	Level 1	Level 3	Total
Financial Liabilities:						
Exchangeable units	1,930	-	1,930	1,695	-	1,695
Convertible debenture holders' conversion option	-	25,113	25,113	-	17,227	17,227
Unvested executive compensation	138	-	138	75	-	75
Total financial liabilities	\$ 2,068	\$ 25,113	\$ 27,181	\$ 1,770	\$ 17,227	\$ 18,997

There were no transfers between Level 1 and Level 2 fair value measurements during the periods presented and no transfer into and out of Level 3. There were no financial instruments measured at Level 2 at any of the dates presented.

The fair market value of convertible debenture holders' conversion options is estimated using a Black-Scholes valuation model and InnVest uses the following methods to determine its underlying assumptions: expected volatilities are based on the historical volatilities of the monthly closing price of InnVest's unit prices; the expected term of the conversion option is based on the remaining term of each series of debentures; the risk-free interest rate is based on the Government of Canada Bond yield with similar life terms to the expected life of the option; and the expected dividend yield is based on the current annual dividend amount divided by InnVest's unit price on the issuance date of the convertible debenture.

The following key assumptions were used in the valuation model:

	June 30, 2014	December 31, 2013
Expected volatility	27.0%	27.0%
Expected distribution yield	7.5%	8.6%

The fair market value of convertible debenture holder's conversion option might result in a significantly higher or lower fair value due to a change in the unobservable inputs used.

The following table reconciles movements in convertible debentures holders' conversion option, which are financial instruments classified as Level 3 during the six months ended June 30, 2014 and the year ended December 31, 2013

	June 30, 2014	December 31, 2013
Opening balance at January 1	\$ 17,227	\$ 662
Fair value loss included in net income (Note 23)	7,886	12,572
Issuance	-	3,993
Balance at end of the period	\$ 25,113	\$ 17,227

Fair value losses are included in 'Unrealized loss (gain) on liabilities presented at fair value' (see Note 23).

**Letters of credit**

As at June 30, 2014, InnVest has letters of credit totalling \$2,354 (December 31, 2013 - \$2,179) outstanding for security deposits related to various utility companies and liquor licences and additional security for the pension liabilities.

## 17. UNITS OUTSTANDING

InnVest is authorized to issue an unlimited number of units, each of which represents an equal undivided beneficial interest in any distributions from InnVest. Per the DOT, units cannot be issued from treasury unless the Trustees consider it not to be dilutive to ensuing annual distributions of distributable income to existing unitholders.

Units issued and outstanding:

	Units
Opening balance at January 1, 2013	93,583,904
Units issued under distribution reinvestment plan	115,550
Units issued under trustee and executive plans	131,443
Balance at December 31, 2013	93,830,897
Units issued under distribution reinvestment plan	217,208
Units issued under trustee and executive plans	61,849
Issue of new units	603,297
Balance at June 30, 2014	<b>94,713,251</b>

### Trustee compensation plan

InnVest has set aside 350,000 units in reserve for the Board of Trustees compensation. The balance in this reserve account at June 30, 2014 is 152,745 units (December 31, 2013 – 169,606 units). Under the Trustee compensation plan, 16,861 units were issued from the reserve for the six months ended June 30, 2014 (December 31, 2013 – 36,943 units).

### Executive compensation plan

The senior executives participate in the executive compensation plan under which InnVest units are granted by the Board of Trustees from time to time. All granted units vest equally on the third and fourth anniversaries of the effective date of grant. InnVest has reserved a maximum of 1,000,000 units for issuance under the plan. The balance in this reserve account at June 30, 2014 is 576,357 units (December 31, 2013 – 621,345 units). A unit granted through the plan entitles the holder to receive, on the vesting date, the then-current fair market value of the unit plus the value of the cash distributions that would have been paid on the unit if it had been issued on the date of grant assuming the reinvestment of the distribution into InnVest units. The payment will be satisfied through the issuance of units.

The benefit resulting from the issuance of units under this plan and any fair value adjustments on the liability are recorded as compensation expense and included in 'Corporate and administrative' expense in the condensed interim consolidated statements of net income (loss) and comprehensive income (loss).

At June 30, 2014 there were 51,718 (December 31, 2013 – 27,210) unvested executive units granted under the plan. The unvested units are presented as liabilities over the vesting periods.

The following table summarizes the status of the executive compensation plan at June 30, 2014, excluding granted units which have fully vested and/or were cancelled:

	Unvested (Vested) Executive Units, Net	Unvested (Vested) Units Accumulated from Distributions, Net	Unvested (Vested) Total Units, Net	Fair Value Per Unit at Grant Date
2010 – granted	3,500	1,148	4,648	\$ 5.30
2011 – granted	4,000	1,112	5,112	\$ 6.80
2012 – granted	7,000	1,124	8,124	\$ 4.50
2013 – granted	11,000	543	11,543	\$ 4.78
Units vested 2013	(1,750)	(467)	(2,217)	
2014 – granted	28,172	1,323	29,495	\$ 5.27
Units vested 2014	(3,750)	(1,237)	(4,987)	
	48,172	3,546	51,718	\$ 5.19

### Distribution reinvestment plan ("DRIP")

InnVest has a DRIP whereby eligible Canadian unitholders may elect to have their monthly distributions automatically reinvested in additional InnVest units.

### Issuance of units

On April 24, 2014, InnVest issued 573,361 InnVest Units, at a price of \$5.23 or \$3,000 related to the Up-Front Fee and the Commitment Fee (Note 10). InnVest subsequently issued another 29,936 at \$5.21 related to the Term Interest Payments (see Note 10).

## 18. PER UNIT INFORMATION

The net income (loss) and weighted average number of units for the purposes of diluted earnings per unit are as follows:

	Three Months Ended June 30, 2014		Three Months Ended June 30, 2013	
	Net Income	Weighted Average Units	Net Income	Weighted Average Units
Basic	\$ 4,818	94,433,893	\$ 20,505	93,726,338
Diluted	\$ 4,818	94,796,762	\$ 25,467	134,598,525

	Six Months Ended June 30, 2014		Six Months Ended June 30, 2013	
	Net Loss	Weighted Average Units	Net Loss	Weighted Average Units
Basic and diluted	\$ (30,053)	94,147,664	\$ (21,161)	93,694,927

The following potential units are anti-dilutive and are therefore excluded from the weighted average number of units for the purposes of diluted earnings per unit.

	Three Months Ended June 30, 2014	Three Months Ended June 30, 2013	Six Months Ended June 30, 2014	Six Months Ended June 30, 2013
Convertible debentures	44,221,218	4,761,904	44,923,752	41,920,053

For the six months ended June 30, 2014, InnVest declared \$18,831 distributions to unitholders (2013 – \$18,724) at \$0.0333 distributions per unit monthly (2013 – \$0.0333 per unit monthly). Declared distributions include cash distributions and distributions arising from the DRIP (Note 17). Subsequent to the end of the quarter, InnVest declared \$3,154 distributions to unitholders at \$0.40 per unit annually or \$0.0333 per month to August 7, 2014.

## 19. CHANGES IN NON-CASH WORKING CAPITAL

Cash generated from (utilized in)	Six Months Ended June 30, 2014	Six Months Ended June 30, 2013
Accounts receivable	\$ 3,881	\$ (4,016)
Prepaid expenses and other assets	3,709	(11,486)
Accounts payable and other liabilities	648	6,159
Changes in non-cash working capital	\$ 8,238	\$ (9,343)

## 20. RELATED PARTY DISCLOSURES

### Westmont Hospitality Canada Limited

InnVest has a Management Agreement for hotel management and accounting services and an Administrative Services Agreement (the "Agreements") with Westmont Hospitality Canada Limited ("Westmont") pursuant to which Westmont is responsible for the management of the majority of the hotel businesses in InnVest.

Two trustees of InnVest have a direct or indirect controlling interest in Westmont and as such have a material interest in the Agreements. Westmont is considered a related party to InnVest as a result of its ability to exercise significant influence through the Agreements. At June 30, 2014, Westmont managed all but 10 of InnVest's hotels. The Agreements are on terms equivalent to those that prevail in arm's length transactions.

Westmont manages the hotel businesses and provides customary hotel management services, including preparation of annual operating and capital budgets and marketing plans, accounting and financial reporting, supervision of sales and marketing, human resource management, purchasing, management and supervision of construction and technical services, information technology, franchise relations and evaluations, supervision of property repairs and maintenance, supervision of compliance with material contracts relating to the hotel properties, leasing, yield management and quality control. For assets sold which are managed by Westmont, InnVest pays a termination fee equal to the management fees paid based on the trailing 12 months revenues.

On April 24, 2014, InnVest finalized changes to certain agreements with Westmont including the internalization of the asset management function effective November 30, 2014 and the amendment and extension of the hotel management agreement to reflect a reduction of base management fees from 3.375% to 2.95% along with a new incentive fee structure that will allow Westmont to earn up to 3.80% of gross hotel revenue each year. The new amended hotel management agreement was effective April 1, 2014 and will expire in April 2024.

For certain hotels owned by InnVest and not managed by Westmont, Westmont is entitled to an asset management fee based on a fixed percentage of the purchase price of the hotel or a fixed percentage of gross operating profit, after the reserve for replacement of furniture, fixtures and equipment and capital improvements, subject to an annual minimum fee. This agreement will terminate November 30, 2014.

In accordance with the management agreement, in addition to the base management fee and incentive fee, Westmont is entitled to the following fees in respect of hotels that it manages (i) purchasing fees based on 5% of the cost of certain goods and supplies; (ii) construction fees based on 5% of the cost of construction and capital expenditures; and (iii) per guest room fees for accounting services in respect of the hotel businesses. The amended and restated management agreement did not result in any changes to the basis for such additional fees.

During the six months ended June 30, 2014 and 2013, the fees charged to InnVest pursuant to the Agreements were as follows:

	Three Months Ended June 30, 2014	Three Months Ended June 30, 2013	Six Months Ended June 30, 2014	Six Months Ended June 30, 2013
Management fees	\$ 2,832	\$ 3,071	\$ 5,107	\$ 5,518
Asset management fees (included in 'Management fees')	400	465	798	930
Accounting services (included in 'Operating expenses')	541	580	1,112	1,172
Administrative services (included in 'Corporate and administrative')	85	78	170	163
Project management and general contractor services (capitalized to 'Hotel properties')	980	615	1,839	890
Termination fees (included in 'Operating expenses')	355	-	545	144
	<b>\$ 5,193</b>	<b>\$ 4,809</b>	<b>\$ 9,571</b>	<b>\$ 8,817</b>

In addition, InnVest reimburses Westmont for costs of certain employees which are paid by Westmont on account of InnVest. For the six months ended June 30, 2014 InnVest reimbursed \$680 of related costs (2013 - \$1,382). Included in 'Accounts payable and accrued liabilities' are amounts owed to Westmont at June 30, 2014 totalling \$2,088 (December 31, 2013 - \$3,175).

### KingSett Capital

KingSett has provided InnVest with a \$50,000 Term Loan and a facility to draw an additional \$50,000 Liquidity Loan. Refer to Note 10 for a description of key terms of these loans and corresponding transactions during the year. Included in 'Accounts payable and accrued liabilities' are amounts owed to KingSett at June 30, 2014 totalling \$359 (December 31, 2013 - \$ nil).

	\$ 50	\$ (12,409)	\$ 8,121	\$ 4,819

## 24. SEGMENT INFORMATION

The management of InnVest's operations is organized within four Canadian geographical regions: Western, Ontario, Quebec and Atlantic. Unallocated functions include the revenues and costs associated with InnVest's other real estate properties, and costs of central corporate services provided. All key financing, investing and capital allocation decisions are centrally managed.

## 25. SUBSEQUENT EVENTS

### Series G Tender and Amendments

In June 2014, and as modified in July 2014, InnVest offered to purchase up to \$28,750 of the outstanding principal amount of its Series G convertible unsecured subordinated debentures (the "Series G Debentures") at a purchase price of \$1,080 for each \$1,000 in principal amount (the "Series G Offer"). On July 31, 2014, InnVest redeemed and cancelled \$28,750 of the Series G Debentures.

In connection with the Series G Offer, at a meeting for holders of the Series G Debentures on July 25, 2014, debenture holders approved certain amendments to the trust indenture governing the Series G Debentures as follows:

- (i) increase the rate of coupon interest payable per annum on the Series G Debentures from 5.75% to 6.25% effective as of the commencement of the next interest accrual period, being September 30, 2014; and
- (ii) increase the conversion price for each InnVest unit to be issued upon the conversion of one Series G Debenture from \$5.80 to \$7.50 per unit.

### Assets Held for Sale

Subsequent to June 30, 2014, five hotels with an aggregate net book value of \$19,184 triggered the conditions to be presented as held for sale. The sales of these properties, which have been approved by the Board of Trustees, are highly probable and are expected to close within a year of their classification as held for sale.

## 26. APPROVAL OF THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

These condensed interim consolidated financial statements were authorized for issue by the Board of Trustees of InnVest on August 7, 2014.
